GERMAN RIGHT WING WAVERING

WILL REMOVE MINES

Associated Press.
E, by way of London, Oct. 1, 2:43 p. m.—The Austrian government has replied to the Italian protest against the sinking of Italian vessels and promises to take measures to remove the menace to shipping and to fully indemnify the victims. It is reported that Italy demands an indemnity from Austria of \$1,000,000.

PUGILIST IS KILLED IN FIGHT

Huddie, the Well-Known Boxer, Dies From Blow

Following Chip-Murray, Boxer Dies Boy Is Unconscious

FRANCISCO, Oct. 1.—As the result of fighting a six-round bout with "Knockout" Huddie, the well-known boxer, at the eighth street arena last night, Huddie, whose right hand was to be William Huddie, in St. Francis hospital at 12:30 this morning. He was unconscious from his dressing room hospital shortly before last night and never recovered consciousness up to the hour of death. Dr. Benjamin Apple, attending him, declared that, failing from concussion of the physician on being so seriously of his own, he hurried a second time to the young man's side. The report of Huddie's condition of Detective Patrick Coffroth, George Hardin, timekeeper; Bert McGehee referee; Arthur Carroll, as "Knockout" Carroll, and the seconds in protective Mike Burke was made these arrests at 3 a.m.

CAUSES DEATH
To his death as the result of two blows which sent him to the floor. These landed in the first and second rounds. (Continued on Page 3, Col. 1.)

1 MAN NAMED

C. L. Colvin, Promised, Is Confused With Suite

The use of the name of C. L. Colvin, the most prominent in this city, has made it difficult to identify the man. Colvin is defendant in a trial before the Superior Court in San Francisco. The same that was appeared in THE TRIBUNE should have been seen on Page 3, Col. 1.

HOSTILITIES SUSPENDED IN MEXICO

Elections Will Be Held According to First Plan

EL PASO, Tex., Oct. 1.—Initial reports of divisions in Villa's army reached the border from both official and impartial sources. The report that General Monclova, Herrera, with his entire brigade, had revolted against Villa's authority was confirmed. It also was reported that the Arrista brothers, leaders in Durango, had revolted to the Carranza side, and that Villa's leader, Tomas Urquiza, had taken Durango City after a battle.

DECLARE ARMISTICE.

EL PASO, Oct. 1.—Inis Arizpe Benavides, secretary to General Villa, under date of September 30, telegraphed the Associated Press that an armistice had been declared throughout Mexico, with Agua Calientes as a neutral zone. He stated also that elections would be held, according to the first agreement, from October 5 to 10.

The points had been agreed upon, he said, at a preliminary conference at Zacatecas, after which General Villa's party left for Aguas Calientes to confer with General Obregon and other Carranza leaders. Villa was met at Zacatecas by a committee headed by General Eduardo Hay. Benavides said that the first meeting had aroused great optimism for a happy outcome of the conference.

Dispatches to Constitutionalists announced last night that Carranza would endear his rebellion as first chief to the convention of military leaders in Mex. on Oct. 1. It was said he would not await the outcome of the conference in the north.

Vote to Tax Autos

TO TAX power Basis

TON, Oct. 1.—Democrats in the Senate, as committee on armed forces, voted yesterday for a bill to tax the power basis of the nation. The bill, introduced by Senator Frank J. Coburn, of Indiana, provides that the tax on power basis shall be 1 cent per kilowatt-hour, or 1 cent per unit of electrical power. No tax will be levied on power basis of less than 100 kilowatts. The bill is to be introduced in the House of Representatives on Monday.

Today came out Japanese statement that they will pay \$25,000,000 for a German torpedo boat that was sunk off the harbor, and a Japanese supply ship was damaged.

ALLIES ADVANCE

GEN. VON KLUCK FAILS IN EFFORT TO OVERCOME ENEMY IN NORTH

Associated Press.

PARIS, Oct. 1, 2:55 p. m.—The following official communication has been given out here:

"There has been no modification in the general situation. We have, nevertheless, made progress on our left to the north of Somme, and on our right in the southern Woerthe."

(The foregoing dispatch indicates that Von Kluck's army of the right wing has been bent further back by the allies' progress in the north.)

Germans Make Public New Casualty List

By Associated Press.

BERLIN, Oct. 1, via The Hague and London, 2:25 p. m.—The thirty-eighth German casualty list, made public today, contains about 8000 names. It includes three major generals, one killed and two wounded.

Major General Schoenbening was killed, while Major General Emil Henigst was slightly and Major General Oscar Reuter was dangerously wounded.

"In Argonne our attack is progressing steadily though slowly.

"At the outer forts on the Meuse the line is without change.

"Yesterday the enemy advanced in Alsace and Lorraine in the Central Vosges. His attacks were repulsed. The eastern theater is without news."

BERLIN REPORTS REPULSE OF ALLIES.

By Associated Press.

LONDON, Oct. 1, 10:30 a. m.—An official statement issued from the German general headquarters under date of the evening of September 30 is given in a dispatch to Reuter's Telegram Company via Amsterdam. It says:

"The hostile forces advancing to the north and south of Albert, a town of France 18 miles northwest of Amiens, have been repulsed. The front battle line is without news.

"In Argonne our attack is progressing steadily though slowly.

"At the outer forts on the Meuse the line is without change.

"Yesterday the enemy advanced in Alsace and Lorraine in the Central Vosges. His attacks were repulsed. The eastern theater is without news."

GERMANS FIGHT IN RIVERS' ANGLE.

By Associated Press.

PARIS, Oct. 1, 5:05 a. m.—The Germans continue the fierce attack in the angle formed by the rivers Oise and Aisne in the direction of Tracy-Le-Mont just northeast of the forest of the Aigue, already the scene of a success on the part of the allies. Here the French lines have thus far held solidly as all attempts to break them have been futile. The contest has been singularly desperate, but the allies, by delivering counter maneuvers, have checked the bold attempts of their adversaries.

The latest news from the front, while not giving sufficient details to satisfy the Parisian eagerness for war news, is nevertheless regarded by them as favorable and they continue to wait with patience for some decisive result of the great battle.

RESEMBLES MANEUVERS.

Lieutenant Colonel Roussel, the military critic, writing to the Petit Parisien, quotes the sentence from the official communication reading "on our left wing to the north of the Somme the action continues to develop more and more toward the north," and says:

"I remember perfectly having seen at the imperial maneuvers of 1903 something analogous to the actual situation of the German forces today.

A certain corps of the attacking army, disappointed in a maneuver which had contemplated against the left flank of the enemy, found itself at the end of the day compressed between two lines of fire which had the form of the letter V reversed. It is useless to say that the German Emperor was not at all satisfied and I doubt if he be more so today in seeing this singular operation happen again to his great loss.

SEEK TO BREAK LINE.

"Having been unable to oppose our extension toward the north, the Germans struggled to break at its summit the singular line we occupy." Tracy-Le-Mont they delivered a furious attack which appears to have cost them dear.

"Perhaps it is not the last one. I imagine, however, that such assaults will come more and more often when unsatisfactory results are obtained.

The tactics of the Germans in seeking to strike at the same time on two points over a hundred kilometers apart (St. Valéry) avails indicates a great confusion and it will be quite extraordinary if this can continue long.

BRIITISH REVENGE FOR THE FIRST HALF OF THE FISCAL YEAR ENDING YESTERDAY FELL AT \$12,500,000, WHILE EXPENSES WERE INCREASED BY NEARLY \$250,000,000.

Austria has replied to the protests of Italy, expressing regret that Italian mines in the Adriatic have destroyed Italian fishing boats and promised compensation and greater care regarding these mines. It is reported that Italy demands an indemnity of \$1,000,000.

The thirty-eighth German casualty list published today contains the names of 8000 officers and men killed, wounded, etc.

ANTWERP HOLDS OUT

By Associated Press.

LONDON, Oct. 1, 5:26 p. m.—A dispatch to the Evening News from Antwerp says that the German attack on Antwerp continued throughout last night with little interruption.

The Belgian fortifications replied so effectively, it is reported, that the Germans several times were compelled to change the position of their batteries.

GERMAN WARSHIPS FIERCELY BOMBARD JAPAN'S POSITIONS

By Associated Press.

TOKIO, Oct. 1, 1:50 p. m.—A severe engagement has been opened by the German warships, which cannonaded the Japanese positions near Tsing Tau, seat of the government of Kia Chow, the German leased territory in China. Two officers were killed. German aeroplanes assisted the warships.

The Japanese war office announces that an artillery duel at Tsing Tau continues. A German torpedo boat destroyer sank in the harbor yesterday (Wednesday). Apparently this ship was in action.

From other sources it is stated that the German destroyer was sunk by Japanese siege guns.

It was officially announced late this afternoon that a Japanese mine sweeper of Kia Chow was blown up and sunk. Three men were killed and 13 others wounded. Another Japanese mine sweeper was damaged, one man being killed and six injured.

Another Japanese vessel, the supply ship Wakamya Maru, was damaged. One man on board was killed.

and six were injured. The name of the mine sweeper which went down was the Nagato Maru.

JAPANESE LOSSES 2500.

PEKING, China, Oct. 1, 7:55 p. m.—A German report from Tung-Tau, the fortified position of the Kia Chow territory, sent by carrier pigeon to Tsin-Nan, in Shang-Tung province, and thence to Peking by telegraph, indicates that the German retirement from the second line of defenses around Tsing Tau, which took place last Monday, was due to the overwhelming numerical strength of the Japanese. The report says that the Japanese lost 2500 killed and 800 wounded as a result of the fire from the German warships coupled with the fire of machine guns on land.

At the German legation in Peking it was said today that Germans caused the destruction early this week of the railroad bridge at Tsing-Ho, six miles west of Wei-Hsien, and that they will cause other bridges to be dynamited if the Japanese continue their westward movement. They

were said to be dynamiting the railroad bridge at Tsing-Tau when a further defense of that place became impossible.

GEN. VON AUFFENBURG OF FIRST AUSTRIAN ARMY IS ATTACKED BY CHOLERA

By Associated Press.

LONDON, Oct. 1, 10:10 a. m.—A dispatch to the Exchange Telegraph Company from Rome states that General von Aufenbourg is suffering from cholera, according to a message from Vienna.

OFFICIALLY ANNOUNCE ILLNESS.

PARIS, Oct. 1, 3:45 a. m.—It is officially announced by Austria-Hungary, says a dispatch from Rome to the Havas Agency, that General von Aufenbourg, commanding the first Austrian army, was said to be precarious, as the Russians threatened to cut him off. By desperate fighting he managed to retreat safely to Rzeszow, Galicia, where he again formed a junction with General Dankl and the two armies raced toward Tarnow and Cracow. The last

news received of General von Aufenbourg was that he was commanding the center of a new and extended defensive front, with his base at Tarnow.

out. With the army of General Dankl, he began an offensive campaign in Russian Poland and had some preliminary successes, invading Russian territory as far as Lublin.

The Austrian reverse at Lublin, however, changed the situation in the north, and for a time the position of General von Aufenbourg's army was

said to be precarious, as the Russians threatened to cut him off. By desperate fighting he managed to retreat safely to Rzeszow, Galicia, where he again formed a junction with General Dankl and the two armies raced toward Tarnow and Cracow. The last

news received of General von Aufenbourg was that he was commanding the center of a new and extended defensive front, with his base at Tarnow.

There was a further decline in exchange on London today, in consequence. With cables at \$3.97 and demand a cent under that quotation, exchange now is about 5 cents under its high rates of the early week.

Boxer War Hero Among Allies' List of Dead

PARIS, Oct. 1.—The name of Lieutenant-Colonel T. G. J. B. Beauchon, a hero of the Boxer campaign, who was used for the first time the new French canon known as "15," appears among the list of "killed on the field of honor." Well-known public men, including actors and several above, are also listed.

Earl Rosebery's Son to Join Famous Troop

NEW YORK, Oct. 1.—Neil Primrose, the younger son of the Earl of Rosebery, is about to go to the front as a member of the Royal Bucks Hussars. He is a member of parliament for the Warwick division of Cambridgeshire.

GERMANS FIGHT IN ANGLE OF RIVERS

BATTLE IS HARD FOUGHT 'TWIXT OISE AND AISNE

(Continued From Page 1)

In some inkling of the events hap-
pening on the stage behind it.
From what can be deduced from
fragmentary glimpses there would ap-
pear to be justification in the opinion
of British observers for the confident
and even seemingly inspired optimism on
the part of the allies. This described
events are shaping themselves for a
repetition of history as it was written
on the River Marne when the allied
forces sent the Germans back on their

feet again.

All the skillful tactics employed by
General Von Kluck, the commander
of the German right wing, have thus
far failed. These efforts, however,
have by no means ceased, and the
German general staff, it is felt in
London, probably will risk something
elsewhere in order to reinforce this
wing. Heretofore reinforcements
have been met by reinforcements

ALMOST THROUGH WING.

The Germans nearly got through
the allies' wing near Albert, to the
northeast of Amiens, but after two
days of fierce struggle they failed.
These incessant assaults on the part
of the Germans have, according to the
allied commanders, cost the assailants
such appalling losses in men that
even allowing for reinforcements
their ranks must have been materially
weakened.

NOTABLES ABOARD INCOMING SHIP

Italian Steamship Brings Mrs. T. J. Preston, Jr., and Howard Croker.

By Associated Press.
NEW YORK, Oct. 1.—The Italian
steamer *Tomaso di Savoia*, with 587 pas-
sengers, of whom 58 were Americans,
reached New York today from Genoa,
after a voyage lasting two weeks.

Among the passengers was Mrs. Thomas
Preston Jr., formerly Mrs. Grover Cleve-
land and her three children.

The steamer also brought the body of
Mr. Richard Croker, who died in Aus-
tria. Howard Croker and his sister ac-
companied the body.

**"M. Borsig," the Italian aeroplane manu-
facturer, was a passenger on the *Tomaso
di Savoia*, from Genoa, which reached
New York today.**

The Italian government has now re-
viseen dirigibles, two of which are
air Zeppelins; 280 biplanes and seven
hydroplanes." M. Borsig said.

"Seven of the hydroplanes are equipped
to launch torpedoes. At the outbreak of
the war turned over to the government
seven flying machines, one of which was
of 500 horse power, designed for a trans-
atlantic test."

**Red Cross Appeals
for United Efforts**

By Associated Press.
NEW YORK, Oct. 1.—The American
Red Cross today issued an ap-
peal for more united effort on the
part of women's social clubs and
organizations and church societies in
support of the European relief work
of the society. The appeal was in
response to letters from clubwomen
who suggested that there was a
splendid opportunity for more united
work in furthering the mission of
mercy of the Red Cross.

**Embargo Lifted, Dye
Shortage Is Averted**

By Associated Press.
LONDON, Oct. 1.—The embargo on
the exportation of aniline oil from
Great Britain has been raised. The
American consul general, Robert F.
Skinner, has been actively agitating
for this action in order to relieve the
dye shortage which has threatened
American factories.

CONSUL'S BROTHER KILLED.

By Associated Press.
CHICAGO, Oct. 1.—Parson de Sainte
Laurent, French consul to Chicago,
received word today that his brother,
Rene Housin de Sainte Laurent, was
killed in battle Aug. 27.

GERMAN EXPORT FIGURE.

By Associated Press.
BERLIN, Oct. 1, via Rome and
London, 3:35 p. m.—Exports for the
third quarter of 1914 from the dis-
trict of the American consul general
amount to \$2,535,837, as against \$5,-
639,501 for the corresponding period
of 1913.

**HOW TO STOP
STOMACH TORMENT**

**Sound Advice From a Well-Known
Physician.**

Men and women who suffer from what
they call "Dyspepsia," indigestion or
jungle, can get temporary and
partial relief in the form of some pepto-
bism or tablet, or other artificial digestant.
This experience teaches me, is a serious
error. In nine cases out of ten the
disease is caused by the development of
acids in the stomach, formed by the
action of the bacteria. A diet of a
gentle bland, required, and exercise should
be taken to dissolve or neutralize this
acidity, when normal digestion will follow
as a matter of course. This acid matter
is distinctly poisonous and unless it is
dissolved, digestion merely carries the
miserable ferment food from the stomach
to the intestines. When its poison is
absorbed by the blood, and carried all
over the body.

If all the great army of people who
suffer after nearly every meal would
make it a point to take a tea-point
of magnesia in a quarter glass
of water after each meal, there would
be no formation of acids and
consequently no distress or discomfort. Sour-
ness, gas, stomach, heartburn, belching,
boiling, etc., would then be a thing of
the past. "Bismarck Magnesia" is
physician's prescription. It is inexpensive
and can be obtained at any drugstore.
It is prepared for just such trouble, and
the best proof of its efficiency is that it
will stop the sharpest, biting stomach
disorders in five minutes from the time it
enters the stomach, simply by dissolving
the acids that have been formed there.
Its action is absolutely harmless.

**Crew of Steamer Sunk

By Associated Press.

LOWESTOFT, Eng., Oct. 1, via
London, 6:50 p. m.—The crew of the
steamer *Selby*, sunk by a mine in the
North Sea, while on a voyage from
Sneads to Antwerp, was landed here
today.

ITALY PROTESTS TO TURKEY.

PARIS, Oct. 1, 6:45 a. m.—Italy is

coming simultaneously
with the report of General Joffre,
commander-in-chief of the French
forces, that the satisfactory condition
along the entire battle line, has been
assured by the allies as peculiarly sig-
nificant.

The German navy is showing in-
creased activity on the Baltic coast.
It is in readiness to support German
land forces if they succeed in forcing
the passage of the River Niemen.

In the meanwhile there has come
to London news that within a week
new Russian army, a million strong,
will join the present armies in Poland
and Galicia for "Russia's principal at-
tack on Germany."

**Belgians Report German
Bombardment at Antwerp
Defenses as Ineffective**

By Associated Press.
LONDON, Oct. 1.—An official communi-
cation issued at Antwerp according to a
dispatch to Reuter's Telegram Company
says:

"The German artillery during the day
continued the bombardment of the first
line of forts on the south. Our works
suffered little and we are still in condition
to make effective resistance.

"Between the Somme river and Rethel
no movement of the enemy's infantry has
occurred. In the circle from the Scheldt
to the Sienna savage and violent German
attacks have been repelled by the Bel-
gians who were well supported by their
artillery. The German losses were pro-
portionate to the temerity of their at-
tacks.

"In the direction of Tannay the
offensive movement was of no great im-
portance, consisting of a long distance
cannonade which had no appreciable
effect on the detachments of our troops
guarding the approaches to the town.
Between the rivers Dendre and Scheldt
there is no notable change.

"In short the German bombardment
has produced no results commensurate
with its violence. The moral of our
troops remains excellent and their cool-
ness is admirable as proved by the suc-
cessful resistance of all German infantry
attacks.

PREPARING FOR RETIREMENT.

LONDON, Oct. 1.—A dispatch from
Ghent to the Express, dated Wednesday,
declares that the Germans have built five
heavy pontoon bridges across the river
Meuse between Givet and Namur, appar-
ently to facilitate their retirement from
France. All their wounded, the despatch
says, have been removed from Brussels.

**British Court Denies
Receiver for Krupp**

By Associated Press.
LONDON, Oct. 1, 2:35 p. m.—The
high court denied today the applica-
tion made on behalf of a British
creditor of the German gun-making
firm of Krupp to appoint a receiver
for the firm's assets in England,
which are estimated at more than
\$1,000,000.

The court pointed out that the
creditor was safe and that this Krupp
would not be transferred to Germany. Counsel
for the plaintiff argued that shares
might be transferred to some Amer-
ican firm until after the war and then
retransferred to the Krupp Company.

"After the war you could sue the
Krupp Company," remarked the judge.

"But the security would then be
gone," retorted the lawyer.

The court denied the motion, but
gave leave to appeal.

**No Marshal of France,
But Salary Is Fixed**

By Associated Press.
LONDON, Oct. 1.—Although at the
present moment there is no marshal
of France, says a Bordeaux dispatch
to the Havas Agency, a decree dated
September 29 fixes the salary of this
post at 30,000 francs (\$6000) per
year.

The *Vinot* points out that this is a
significant step and is an augury per-
mitting of the highest hopes. The
post of marshal of France is the high-
est dignity obtainable in the French
army, and although it was originally
a royal post, the rank was retained
when the French army was recon-
stituted in 1875, with the proviso that
the conditions under which the rank
would be bestowed should be fixed
later. These conditions up to the
present have never been laid down.

**110,000 Barrels of U. S.
Flour for War Nation**

By Associated Press.
ST. LOUIS, Oct. 1.—A rush order
for 110,000 barrels of flour was placed
with a local milling company
yesterday by representatives of one of
the warring European nations, the
identity of which was not disclosed.
This is the largest single sale of flour
ever made here. The price was not
stated. The flour will be of Kansas
wheat and will require 540,000 bushels.

**Commission's Report

By Associated Press.
LONDON, Oct. 1.—The fourth re-
port of the Belgian commission of in-
quiry into the alleged German atroc-
ities just issued, says a Bordeaux dis-
patch to the Central News, deals
with the conduct of the German sol-
diers at Arsenot. The report de-
clares that the Germans pillaged
Arsenot for three weeks, described
alleged scenes of violence, and as-
serts that the Germans burned the
town to hide the proofs.

AUSTRIA DENIES ROUTE.

By Associated Press.

MANCHESTER, Mass., Oct. 1—Official wireless messages received by Dr. Dubra, the Austro-Hungarian ambassador, today from Count von Reichert, the secretary for foreign affairs for Austria-Hungary, confirmed with the official statement issued in Berlin and forwarded by wireless through London to the Russian operations in the region of the Carpathians. Ambassador Dubra added the following:

"From other authentic news it appears that on Monday September 28, Jaroslaw, a fortress, was not taken by Russian forces. The reports of Russian victories near Jaroslav are pure fiction. The Austrian army in western Galicia is constantly being strengthened and is unopposed by Russian forces who have been checked by the fortress of Przemysl."

By Associated Press.

PETROGRAD, Oct. 1—The following statement has been issued by the chief of the general staff:

"On September 28 the Russian troops, after fierce conflicts captured the German positions near Augustow and Koptyzews (government of Suwalki)."

"The German siege artillery continues bombing of Oswiecim (Silesian Poland) without success. Small engagements have taken place near Koptyzews (government of Suwalki) and in the vicinity of Andrejew (Russian Poland)."

CHOLERA INVADES AUSTRIA.

By Associated Press.

VIENNA, via Paris, Oct. 1—The beginning of the Russian invasion of Hungary is exciting the greatest apprehension throughout the monarch's dominions, despite all official assurance that the action is without importance and should give no cause for anxiety.

The work on the fortifications around Vienna is being hastened, and an official warning has been issued to the public against entering certain areas on penalty of arrest and danger of being shot by the sentries.

The Asiatic cholera is spreading rapidly, cases being reported daily in Vienna and in various districts of Hungary. Scores of cases already have been found in Galicia, where the disease has spread to other sections.

YOUNG FIGHTER DIES FROM BLOW

San Francisco Boxer's Death
Results From
Contest.

(Continued From Page 1)

All sounds respectively. The young fighter appeared in a gaze after his punishment in the first round and it is believed that at that time he suffered the injury resulting in his death.

The contest was a six-round go and while Huddle lasted the entire distance he was badly punished and Referee McCollough gave the decision to his opponent.

It was about the middle of the first round that "Knockout" Carroll righted Huddle to the jaw. The latter, at the mat, his head striking hard against the floor, the bump being heard all without the arena. The referee beamed him as far as ever before collapse to his feet staggering. By a herculean effort and summoning all strength he finished out the round. On he reached his corner the seconds gathered around him and in the minutes remaining before the contest was

on again he had been revived sufficiently to continue.

WALKS FROM RING.

Huddle fought lustily, but at times desperately until the sixth round, when once again he received a punch in the face which sent him backward. He lay at full length, but was up almost before the referee started counting and stayed gamely on his feet until the final bell. He was able to walk out between his seconds, but was almost immediately taken to the hospital. The news that he had suffered an injury was known only to a few and that he was seriously hurt was scouted by even the small group cognizant of his having been sent to a hospital. His friend, Harry Palmer, an attache of the Black Cat cafe, accompanied him and Dr. Apple was called to attend him.

In the pugilist's suitcase were his trunks and his gloves and in his jersey was found a letter addressed to Billie Huddle from a young lady in Mill Valley, who signed herself "Baby." There was nothing else in his possession and his address is not known at this time.

FAIL TO LOCATE PALMER.

Early this morning Palmer could not be located and it was impossible to learn anything of Huddle's family. The fighter was about 24 years old and a husky lad of great promise. His face showed the effects of bad punishment administered as he suffered two black eyes, a dislocated nose and other hurts besides a severe injury to his head.

Attorney Frank Hennessy complained to Captain of Detectives Shea against the proposed arrest of Cofroth, declaring that the latter was only the promoter and that the match had actually been made by Gregory Mitchell. Hennessy agreed to have all parties at the Hall of Justice at 11 o'clock to surrender themselves or be arraigned, but did not arrest Cofroth at this time, although he may be taken into custody later.

"Knockout" Carroll, on being brought to police headquarters, broke down completely and cried like a child. "There is nothing I can do or say that will bring the poor boy back again," he declared hysterically. "I wish I hadn't struck him, but I suppose it is too late to think about that now. It is a most regrettable affair. It is heartbreaking. I don't know what to think or do."

Police Judge Criss fixed Carroll's ball at \$5000 bonds or \$2500 cash.

Carroll fought in the preliminaries last week in Oakland, knocking out Kid Kelsey in the third round after the latter had floored Carroll twice in the first round.

Arthur Carroll, Huddle's opponent, George Mitchell, the matchmaker, Eric McCullough and Martin McKinnon, and Charles Stenhouse, the second, were arrested by Detective Burke, Lieutenant of Police Fraher and Detective Herne and charged with manslaughter. They were promptly released on bonds.

The result of an autopsy performed at noon by Dr. Davis Stafford, corner physician, showed that William Huddle had died from cerebral hemorrhage. This is usually associated with concussion of the brain and undoubtedly was directly due, the physicians believe, to Huddle's having been struck down his head hitting the floor, during last night's fight.

WILSON TO AID DEMOCRAT'S FIGHT

Administration Will Support Party Candidates for Election.

WASHINGTON, Oct. 1.—Democrats in Congress were greatly elated today over prospects of receiving the support of the administration for re-election in November. Not only will the Democratic nominees have the support of President Wilson, but also that of his cabinet.

While the President's activities in the coming campaign will be devoted entirely in writing letters in which he will point out how candidates for re-election have supported his administration during the present Congress, a majority of the cabinet members will take the stump and make many speeches. Among those whom the President will write letters in support of are Representatives Connelly and Palmer for the Senate from Iowa and Pennsylvania, respectively; Senator Thomas of Colorado, and Glynn and Gerard in New York. Administration leaders continued today the work of planning an active campaign for the election of another Democratic Senator and House this fall. This work had been delayed pending completion of plans for adjournment of Congress this month.

AMNESTY BILL MAY FREE CUBAN REPRESENTATIVES

HAVANA, Oct. 1.—The House of Representatives yesterday passed the general amnesty bill by a large majority. This measure is especially designed to cover the cases of General Ernesto Asbert, former governor of Havana province, and Eugenio Arias, a former member of the House of Representatives, who were sentenced by the June 1 of this year to serve life terms of imprisonment for the killing of General Alvaro Riva, chief of the national police.

The shooting of General Riva occurred on the evening of July 5, 1912, in the most crowded portion of the Prado. General Riva had stopped his carriage in front of the Asbert Club and had caused the arrest of the doorman. Asbert and Arias arrived in an automobile about the same time and a heated dispute arose, followed by many shots. The chief of police was badly wounded and died two days later.

NEW CITY CHARTER PLANS. Details of the plan for a new city charter, which is soon to be placed before the people by the Tax Association and Civic Association, will be referred to the membership of the latter body at its regular weekly meeting in the Chamber of Commerce tonight. Several speakers will be heard on the plan, and a number of new delegates will be seated from improvement clubs.

POKER BLAMED FOR BOYS' FALL

San Jose High School Youth Tell of Crimes to Obtain Gambling Funds.

SAN JOSE, Oct. 1.—Alexander Cotter, a high school senior, and Nicholas Brown, until recently a student at the high school, were given a preliminary examination in the justice court and held in \$10,000 bonds on charges of burglary growing out of their confessions that they perpetrated a series of five housebreakings. In the Superior Court Arthur Moore, 16 years old, testified that he passed bad checks aggregating \$105 in order to obtain funds to play poker in the rear of pool rooms.

The fast standard of many high school students caused Cotter and Brown to turn robbers, according to their parents. Cotter was addicted to poolroom poker.

As a result of public opinion the city officials are taking steps to regulate the operation of poolrooms.

UKLAH, Oct. 1.—Albert Larson, aged 10 years, died at his home in Hopland yesterday as the result of a gunshot wound received while hunting. He was trying to scare a squirrel out of his hole and was reaching in with the butt of his shotgun when the gun went off, the charge shattering his left arm. The lad walked two miles after being injured.

PAN RAFAEL, Oct. 1.—Paul Schuerert, the twenty-two-year-old youth who shot and killed his employer, William Hutchinson, on the latter's ranch near Novato last week, was held for trial in the Superior Court on a charge of murder here yesterday. Schueret claimed self-defense. The testimony of the widow of the deceased was favorable to Schuerert.

SITKIN, Oct. 1.—Joseph Cooper Wolfskill, one of the best known pioneer residents of this county, and widely known among the pioneers throughout the state, died at his home in Susan valley, following an illness covering a period of a year and caused by an abscess of the throat.

MARTINEZ, Oct. 1.—W. D. Grady, an attorney of Richmond, was committed for contempt of court yesterday by Superior Judge J. E. Barber and sentenced to twenty-four hours in the county jail. Grady, it is alleged, appeared in court while intoxicated.

MARTINEZ, Oct. 1.—Announcements were made here today that the hearing of the petitions for thirty-eight shipping centers in Contra Costa for the advantage of terminal rates will be considered by the Interstate Commerce Commission on October 23.

RELEASED: ARRESTED; CELEBRATES; LET GO

Joseph Le Carte got off easily in Justice Smith's courtroom this morning. Perhaps the judge was in a particularly sympathetic frame of mind: more likely he summed up the circumstances with true judicial impartiality and decided that for once Joseph had earned a ringing good-will unopposed.

Joseph had been having a hard time, being of a fowling neat and tidy turn of mind. One day he came home, found the dinner unconked and the house in a most upset condition. It was more than he could stand, so he phoned his wife. Here the police intervened, and Joseph was arrested and given six months probation to prove to the world in general and the judge in particular that he could be good and law-abiding citizen if he tried.

The six-month probation passed peacefully in a strange dead calm, until Mrs. Le Carte quite regained her former health. But it was the calm before the storm, and on the day the six months was up, it broke over the poor woman's head.

THIS FOR ABNEGATION. Hubby came home and gave her a worse beating than before, with all three six months' abstinence piled in one. Again Joseph came to the police court, and this time he was told that his probation was over, it was only his incorporated sense of restlessness that led to his arrest and as he was a model prisoner in every way, he was put to work at the city hall, scrubbing the brass rods on the stairways.

Yesterday the last six months was up, and he was free.

So to celebrate he went on one wild tear. Wilder and wilder it became, till the streets rocked with his mirth, and the police had to interfere.

But this morning Justice Smith our Justice of the peace said,

"Well, the poor fellow certainly deserves some fun, so we'll let him go this time, as he is in his right mind."

WILL HOLD DEBATE.

I COMFORTED
HARRIET

By Showing Her How to Get Some New Clothes at Cherry's."

"It works like a charm, girls, if you're in the dumps!" I guess you've all noticed how gloomy Harriet has been for the last couple of weeks. Just Clothes, that's all!

So Harriet and I went up to CHERRY'S to buy Harriet some Clothes ON CREDIT. Oh, girls, you never saw such lovely things as you saw there, unless you've been to CHERRY'S this fall!

Harriet looked so darling in those Basque Dresses that I bought one myself and paid just a few dollars on it. See? I'm wearing it now and paying for it by the week. If what you really want is STYLÉ—well, here's CHERRY'S address—515 13th is their exclusive store for ladies, while just across at 528 you'll find the men's store. The San Francisco stores are at 1009 Market and 2400 Mission sts.

FEDERAL BOARD OF MEDIATION PROPOSED

WASHINGTON, Oct. 1.—President Wilson continued consideration of the Colorado coal strike situation today and conferred with Representative Keating, who is understood to be in the confidence of the miners.

A suggestion for the creation of a Federal board of mediation and conciliation for all industrial disputes, similar to the existing commission created by the Newlands law, which applies only to railroads, is being considered.

Suggestions have been made to the President that he close the mines until the operators accept the plan already approved by the miners, but the President favors a less drastic course, if he can do one.

LOCK UP CASHIER.

SALESMAKER'S LECTURE.

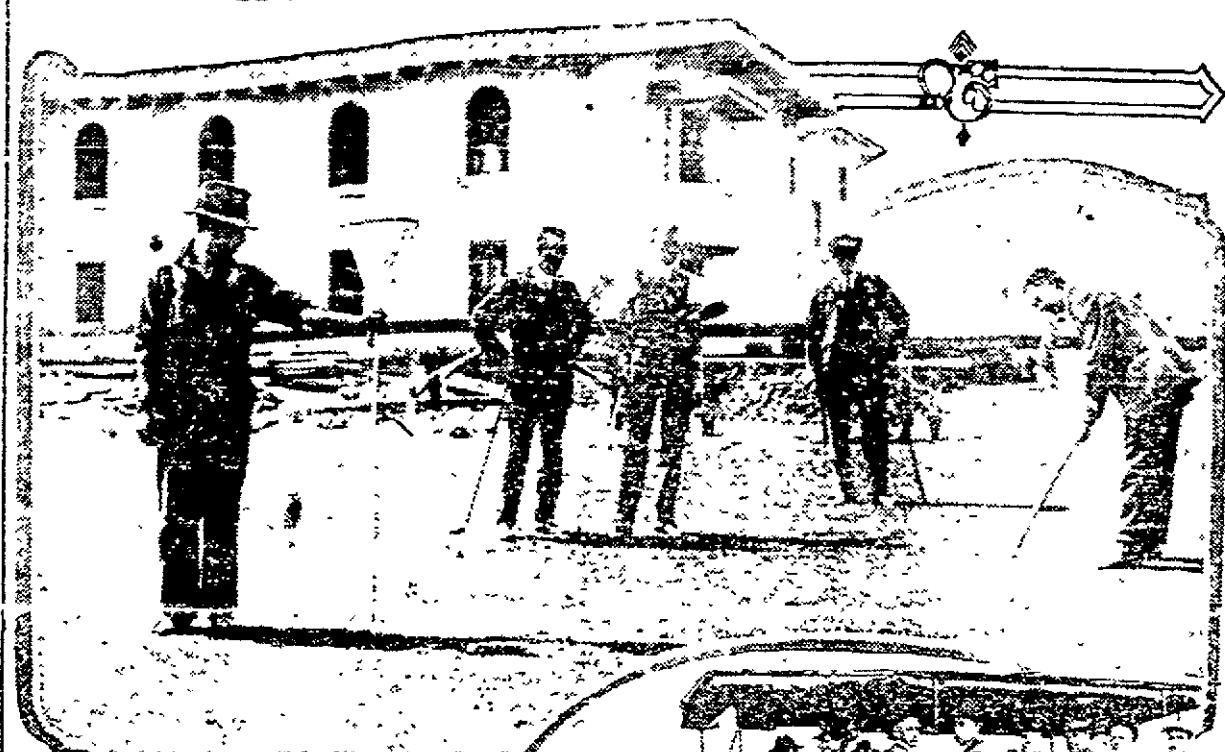

Charles H. Trotter is to open the regular class work in salesmanship at the Y. M. C. A. this evening. The session will be devoted to a presentation of the methods of salesmanship, showing how the science of salesmanship is developed and how it is applied to the old idea that salesmen work hard and yet make little.

ADOPT AUDITORIUM PLANS.

Plans and specifications for seating the municipal auditorium were adopted today by the city council and bids called for, to be received October 15.

ADVERTISER.

SEQUOYAH CLUB TO ENTER HOME WILL INSPECT NEW GOLF COURSE

Dinner Will Mark First Meeting of the Members

Next Saturday evening the members of the Sequoyah Country Club will hold their first meeting and dinner in the spacious quarters of the club overlooking Oakland and San Francisco Bay. The dinner is for members only and already enthusiasm has been worked up to such a pitch that it will mark an epoch in the history of country clubs in the bay cities.

The clubmen will gather at the Hotel Oakland on Saturday afternoon, and will depart in machines to inspect the new \$10,000 clubhouse that is nearing completion and the golf course. The links are laid out according to the general ideas of golf experts and is of full championship length.

The club has supplied the lastest features of the Eastern links. Six miles of pipe is laid throughout the course to irrigate water to all the greens. An expert is on hand to teach the game of men in putting the links in first class condition for the opening tournament in the latter part of November, probably on Thanksgiving day.

HUGE TANK ERECTED.

Wild flowers have been transplanted to the paths of the players, besides sequoia trees and varieties of shrubbery. Four tons of turf have been imported from the East to cover the greens. A tank has been constructed to supply 80,000 gallons of water a day.

The course complies with regulation 9 holes out and 9 with 18 par to make up the course.

The distances have been measured by surveyors and cover 621 feet on an "air line" over a rolling plateau that is situated in the center of the sand area along the foothills. This soil readily packs so as to add to the play, making "slogging" comparatively easy with a clear start and aids the players in a studied shot for a definite result.

The "saddle" or No. 1 hole, gives the player a fine chance to get off to a good start, though he must play his second shot accurately to hold to the "saddle."

On the "turn" the long player has a slight advantage over the short man, but the latter has an opportunity to regain lost ground if he can play an accurate pitch and run shot for his third over the "burn." The "rotated patch" will offer the first resistance to the average player for there is a difficult 133 yard liege shot to make. Hole No. 4, or the "dive," will be so exacting if the shot is handled with a fair aim, the "paradise," "come-back," "pond," "grier" and "half way" should be taken care of with comparative ease.

CLEEKIE FOR SKILL.

Number 10, "ridge," will afford a certain amount of skill with the midiron approach. "Cleekie" demands true championship test of the golfer's ability. The "hazards" needs excellent control in the drive and judgment in the approach. Good shots will carry the player with our trouble over the "south pole," "long Tom," and "shorts."

A hazard in the way of the sixteenth hole, "corner" calls for a healthy putt. A long drive over the "Rubicon" rewards the player with one of the prettiest hits in golf. The 150-yard drive must clear the "Sivs," or considerable difficulty will ensue. After negotiating the course the players land at the doors of the club-house.

Besides golf a polo and baseball field is being laid out. Tennis courts and a swimming pool will be among the other attractions of the club.

Those in charge of the initial banquet and meeting are B. T. Bean, Phil T. Clay, A. Coogan, Charles Heesemann, R. D. Hubbard, E. B. King, William Knowles, Kendall Morgan, George N. O'Brien, Fred Sherman and J. C. Snapp.

Wider Scope of S. P. Freight Rate Probe

SAN FRANCISCO, Oct. 1.—The state railroad commission this morning widened the scope of its investigation into the class freight weights of the Southern Pacific Company.

Yesterday it was announced that an inquiry would be held into the charges in vogue on the coast line and its branches between here and Los Angeles.

Today's statement was made that the commission will investigate also the rates between Oakland, San Francisco, San Jose and points through the Sacramento valley and north to the Oregon state line. This also will include the branch roads on this division. The hearing will take place before the entire commission on November 27.

YOUNG COUPLE WILL WED.

The wedding of Catherine Thompson and Edward C. Peterson will be solemnized tomorrow night at the home of the bride's parents, Mr. and Mrs. John Thompson, of 5011 Octagonal street. Following the ceremony by the Rev. Yoakum, the young couple will depart on a honeymoon through the state. They will reside in Oakland.

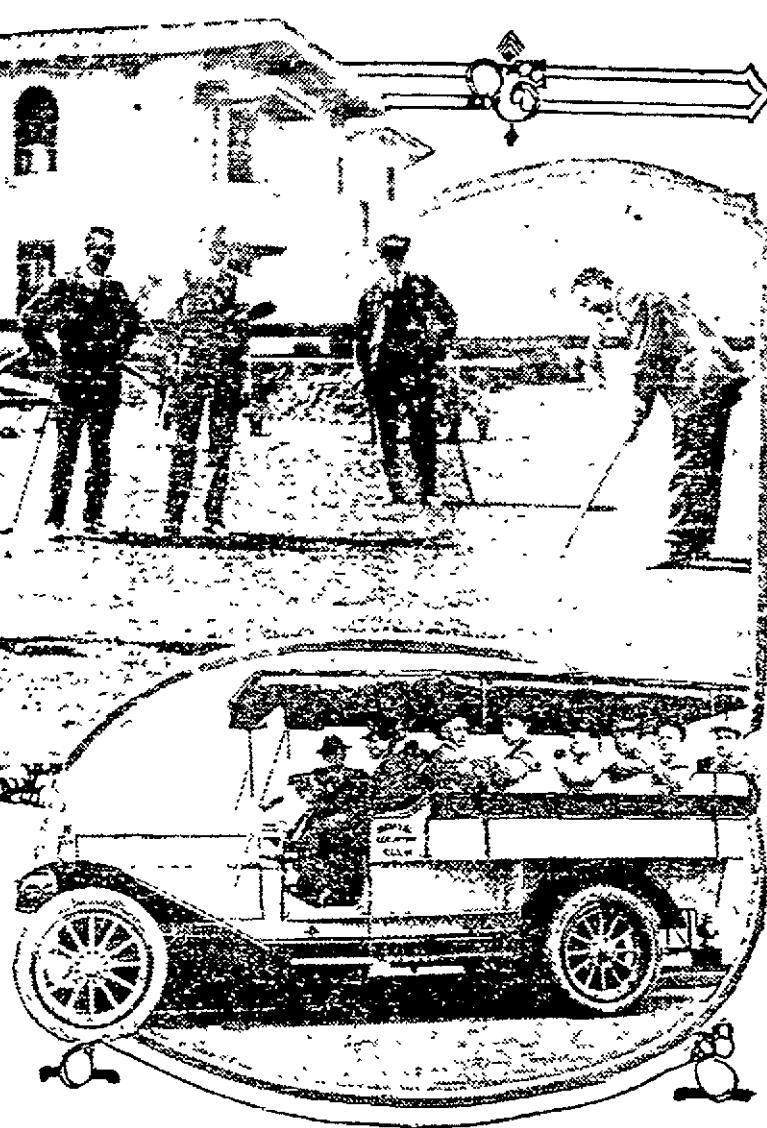

SALESMAKER'S LECTURE.

Charles H. Trotter is to open the regular class work in salesmanship at the Y. M. C. A. this evening. The session will be devoted to a presentation of the methods of salesmanship, showing how the science of salesmanship is developed and how it is applied to the old idea that salesmen work hard and yet make little.

Wants Fish Doctor for the Protection of Health of Consumer

WASHINGTON, Oct. 1.—Need of a pathologist to protect the people against eating diseased fish was emphasized by Secretary Redfield of the department of commerce in an address of welcome here yesterday to the American Fisheries Society.

The clubmen will gather at the Hotel Oakland on Saturday afternoon, and will depart in machines to inspect the new \$10,000 clubhouse that is nearing completion and the golf course. The links are laid out according to the general ideas of golf experts and is of full championship length.

The club has supplied the lastest features of the Eastern links. Six miles of pipe is laid throughout the course to irrigate water to all the greens. An expert is on hand to teach the game of men in putting the links in first class condition for the opening tournament in the latter part of November, probably on Thanksgiving day.

HUGE TANK ERECTED.

Wild flowers have been transplanted to the paths of the players, besides sequoia trees and varieties of shrubbery. Four tons of turf have been imported from the East to cover the greens. A tank has been constructed to supply 80,000 gallons of water a day.

The course complies with regulation 9 holes out and 9 with 18 par to make up the course.

The distances have been measured by surveyors and cover 621 feet on an "air line" over a rolling plateau that is situated in the center of the sand area along the foothills. This soil readily packs so as to add to the play, making "slogging" comparatively easy with a clear start and aids the players in a studied shot for a definite result.

The "saddle" or No. 1 hole, gives the player a fine chance to get off to a good start, though he must play his second shot accurately to hold to the "saddle."

On the "turn" the long player has a slight advantage over the short man, but the latter has an opportunity to regain lost ground if he can play an accurate pitch and run shot for his third over the "burn." The "rotated patch" will offer the first resistance to the average player for there is a difficult 133 yard liege shot to make. Hole No. 4, or the "dive," will be so exacting if the shot is handled with a fair aim, the "paradise," "come-back," "pond," "grier" and "half way" should be taken care of with comparative ease.

CLEEKIE FOR SKILL.

Number 10, "ridge," will afford a certain amount of skill with the midiron approach. "Cleekie" demands true championship test of the golfer's ability. The "hazards" needs excellent control in the drive and judgment in the approach. Good shots will carry the player with our trouble over the "south pole," "long Tom," and "shorts."

A hazard in the way of the sixteenth hole, "corner" calls for a healthy putt. A long drive over the "Rubicon" rewards the player with one of the prettiest hits in golf. The 150-yard drive must clear the "Sivs," or considerable difficulty will ensue. After negotiating the course the players land at the doors of the club-house.

ELECTRIC LINE RECEIVER ASKED

Sacramento Valley Company Has Liabilities of More Than Million.

SAN FRANCISCO, Oct. 1.—The Northern Electric Railroad Company, operating a railroad from Sacramento to Oroville, Chico, Marysville and other points, was plunged into bankruptcy in the United States District Court here today. This action was taken with the consent of the directors of the Northern Electric.

Application for the appointment of three receivers was made by the General Railway Signal Company and joined in by the Northern Electric Company.

It is stated that the liabilities of the railroad amount to \$1,100,000, which it cannot meet at this time.

The railroad commission has been investigating the financial status of the Northern Electric and only recently a statement was made that refinancing would have to follow if the road was going to remain in the hands of its original owners.

The Northern Electric Railway Company is listed as a standard gauge system, comprising 144 miles of track and operating two steam locomotives, thirty motor cars and 318 passenger cars. With it are affiliated in the Sacramento valley interurban system the Marysville and Colusa and the Sacramento and Woodland lines. Sacramento, Marysville, Colusa, Oroville, Chico and Woodland are the main points touched.

Leon Siess of San Francisco is president of the company and the other officers are: Louis Sloss, vice-president, George R. Springer, assistant secretary, Sacramento; W. A. McGovern, general manager, Sacramento, and W. R. Lawson, superintendent, Chico.

The road has connections with the Southern and Western Pacific systems, Antioch and Eastern and the Central California Traction Company.

It was generally known that the company was in difficulties and at a recent meeting of the officers and directors early today it was decided not to resist the application for a receiver.

The General Railway Signal Company, which is the only creditor appearing in the application, placed the debt due it at \$7252. Other liabilities make up the total of \$1,100,000 over due.

Yesterday afternoon Abraham Jones, the treasurer of the railroad, appealed to the commissioners for their assistance during the past year. He thanked them for their aid in the new receiver.

NEW FINANCIAL SUPPORT.

"I feel that the members of the congregation are with us," said Abraham Jones, "but we must have their financial as well as their moral support. We must have the assistance of the members of this association in the maintenance of the railroad, particularly the board of directors will be compelled to raise \$10,000 within the next 20 days and, we do not think that it is right that the burden should be carried by a few individuals, members of the congregation should contribute to this means."

The General Railway Signal Company, which is the only creditor appearing in the application, placed the debt due it at \$7252. Other liabilities make up the total of \$1,100,000 over due.

In 1907 the Northern gave to the Mercantile Trust Company of San Francisco a deed of trust to all its properties, then covered by a bonded indebtedness of \$2,500,000.

President Jones thanked the board of directors for their confidence in him and their assistance during the past year. He thanked them for their aid in the new receiver.

Has It Ever Struck You

That a thing that's different has real merit if it succeeds. Most anyone or any business can go along in the same old rut and make good fairly well. We're different. There's nothing like a rut about us or our stores or our methods.

We've thrown overboard all the old-time notions of high rent, glittering fixtures, marble columns and ornamental employees of one kind and another. That is the basis on which we have succeeded. It's a different basis, but we have PROVEN,—yes PROVEN, that extravagance in business is tommy-rot, that fancy business expenses is all foolishness, that high rent and glittering fixtures and marble columns are all so much froth and foam, that might look pretty but have no substantial excuse for existing.

With members of the highway commission, the head of the State capital grounds force of gardeners and the state auditor the commissioners are well represented in non-partisan political efforts.

Congressman Johnson urged the election of Captain Fredericks.

"The southern portion of the State has waited sixteen years for a chance to elect a Governor," he said. "It waited until the right man was presented. That man is Captain John D. Fredericks, and the people of California are going to elect him Governor."

Congressman Knowland discussed the effect of the present tariff policies on the industries of the State and nation and reviewed his record of 17 years as a legislator in support of his claims for election to the United States Senate. Knowland was applauded vigorously by the large crowd present.

**YOUR SICK CHILD
IS CONSTIPATED!
LOOK AT TONGUE**

If Cross, Feverish or Bilious
Give "California Syrup
of Figs."

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look! Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomachache, diarrhea, sore throat, etc., it will give a teaspoonful of "California Syrup of Figs" and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping and you have a well, playful child again.

Mother can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs"; then see that it is made by the "California Fig Syrup Company."

**MUST SHOW REASON FOR
NOT PAYING ALIMONY**

Bert D. Ingels, a chemist for a large local manufacturing concern, will have to appear before Superior Judge Harris and show cause why he failed to pay his wife, Charlotte Hancock Ingels. She pending the action for divorce which he filed against her July 7. Judge Harris also issued a restraining order against the Sperry Flour Company pending the outcome of the action.

In his suit Ingels complains that his wife had a habit of taking "spells" whenever things did not go to suit her. He cites instances, saying that once when he refused to wash the dishes, she had a "spell" and the doctor had to be called in an frantic condition, which he did not kiss her goodbye to her husband before her "spell" ensued, and it was on those grounds that he wished a divorce. The home of the couple is 174 Alice street.

**GUY C. EARL ENDORSES
CANDIDACY OF M. J. KELLY**

COUNTY TREASURER M. J. KELLY, WHOSE CANDIDATURE FOR RE-ELECTION IS EARNESTLY SUPPORTED BY GUY C. EARL, THE PROMINENT ATTORNEY.

Oakland, Cal., Oct. 1, 1914.
In reply to your question as to my attitude on the candidacy of Mr. Kelly for county treasurer, I take pleasure in saying that I heartily endorse Mr. Kelly's candidacy. Mr. Kelly's administration of the county treasurer's office for the last eight years has been beyond question and highly efficient. Mr. Kelly's office has been a model public official. No one can criticize in the slightest degree any of his official acts. He has been honest and painstaking. In all that he has done, the county of Alameda has found him faithful to his trust, and should deem itself fortunate to be able to retain his services.

When Mr. Kelly was made county treasurer eight years ago, there had been trouble in the office. In the light of this fact, it became necessary for the Republican party to nominate a man whose honesty could not be doubted. I was one of Mr. Kelly's sponsors before the Republican county convention that nominated him. In presenting his name to the convention, I took occasion to say that convention and to the public generally that were Mr. Kelly elected as the county treasurer we would have no fear about the safety of the public funds.

I then stated that I had such respect and confidence in Mr. Kelly owing to his absolute honesty and truthfulness, that I would deem it entirely unnecessary to exact a bond from him as county treasurer.

His perfect integrity was a better guarantee of an honest administration of the office than any bond from any surety company could possibly be.

415 PROBITY.

Mr. Kelly's record for the last eight years has been a complete vindication of my opinion expressed upon the occasion of his nomination. Mr. Kelly is instinctively honest. He has a great native talent of integrity and truthfulness. No one has ever doubted his word. The public is to be congratulated on having the opportunity of entrusting the millions of dollars of the public funds into the hands of a man of such honesty and efficiency.

Upon the same occasion to which I have referred when Mr. Kelly was nominated eight years ago, I stated some facts about the man which I think it well at this time to re-state for the information of the electorate. It is impossible in the nature of things for all the voters to become acquainted personally with the candidate, and therefore the opinion of most voters must be formed from what they hear said about the candidate. For that reason, I take this opportunity of speaking more particularly in regard to Mr. Kelly's personality, as I did eight years ago.

He was born in West Virginia and learned the trade of a nail worker. When a nail factory was established many years ago at the foot of Market street in Oakland, or the estuary, Mr. Kelly was not of age, but he became a nail worker in that factory.

He was efficient and faithful in his work, and his personal traits made him many friends. He was strictly abstemious and correct in his life, and he has always been so.

SOCIAL REFORMER.

I became the prosecuting attorney in the police court in the city of Oakland in January, 1914, and among my first cases were prosecutions for petty offenses against members of what was then called the "Fish Gang"—an indeterminate group of about fifty boys or so, who lived along the waterfront and who were liable to petty lawless deeds. The offenses of the older boys were becoming increasingly serious and frequent. The frequent appearance of members of this gang in the police court caused me to believe that

BOARD IN
CLASH**

Clashing with the practice of the Civil Service Board in the fundamentals of its work since the board was created, City Attorney Ben F. Woolner has had an opinion with the board which promises to raise a storm of trouble and to end in the matter of the interpretation of the city charter being carried to the courts for adjudication. The opinion was filed two days ago, but at the request of the Civil Service Board, Woolner withheld it from general publication until there had been conference.

The matter will probably have to be passed upon by the courts, said Woolner, adding: "There is no real feeling in the matter; merely a difference of opinion."

The interpretation given the charter by Woolner is diametrically opposite that held by the civil service board. The board yesterday proceeded to notify the employees in the park department working on its own theory that the employees appointed since that charter went into effect will have to take civil service tests. There are 46 of these employees. Woolner declares categorically that they can retain their positions indefinitely so far as the civil service power goes, and that the only power that can remove them is the park board itself.

NO POWER OF REMOVAL.
"The civil service board has no power of removal," is the gist of the new opinion.

Working on the opposite theory, the civil service board has caused the removal of a dozen or more employees, or their enforced transfer to other positions. Such was the case of J. W. Nelson, purchasing agent. Such was the case of William Masterson, secretary to Commissioner H. S. Anderson. There have been others of minor importance. It is understood that Assistant City Engineer Tom Risley is facing a similar fate.

Working on an interpretation opposite that of the city attorney, the civil service board declares that Lee Kerfoot, superintendent of parks, and a number of other park commissioners have to take civil service tests to retain their positions. By the opinion of the city attorney is that they can retain their positions until the appointing power, either the park board, or in the case of Keith, the commissioner of parks, or Commissioner H. S. Anderson shall either disclaim or demand that they qualify by civil service eligibility.

The matter will probably be tested by the civil service board certifying to City Auditor Gross that some employee is not properly holding his position, and then the employee packed up and went to another attorney, may take the matter into the courts to enforce payment of his salary.

WILL DISREGARD OPINION.

Harrison S. Robinson, president of the civil service board, is an attorney who has made a special study of civil service law. He has stated that the position of Woolner is not in his opinion good law, and that it is his opinion that the civil service board will carry forward its work without regard to the opinion as.

There are probably more than 200 employees of the city affected by the opinion filed by Woolner. All employees of the park board, the playground board, the library board and all employees employed on emergency basis since July 1, 1911, may be allowed to retain their positions with the exception of those in possession of the civil service board, but at the discretion of the appointing power in their various departments. This is the substance of the opinion.

They have no civil service training, but they may not be dismissed for failing to qualify on the eligible list by examination.

Many months ago the park board was transferred to the civil service classification, an attempt was made to get the department reorganized. But the park department had been for years a kind of dumping ground, and when attempts were made by the civil service board to effect the board was disbanded.

CITY ATTORNEY'S OPINION.

An opinion was then asked and the city attorney verbally declared that the employments in the park board and all the other boards had in fact been subject to civil service since the charter was adopted. A request was made that this opinion be made in writing. The response was the startling and sweeping opinion made public today. It practically nullifies much of civil service work.

The significant portion of it is as follows:

"As to employees in the park department who were not in the employ of the park department on September 1, 1910, a somewhat different question is presented. In finding nothing in the Charter that seems to complete the civil service classification of the places of employment of such employees simply as a result of the classification of the places of employment by the Civil Service Board. I am of the opinion that as to places of employment which by such employees, when vacancies occur, are eligible to be filled, should be filled only from the eligible list prepared by the Civil Service Board, but I am also of the opinion that until vacant places of employment are made available to the persons holding the same, as classified by the Civil Service Board are entitled to retain their positions until removed by the Board of Park Directors, which board has the appointing power and power of removal."

Mr. Woods' hesitancy in accepting the post which he previously held under the present administration is caused by his desire to have his time made his private affairs.

"I would like to serve," said Woods today, "but I am not sure whether I can arrange it. I will know very soon. I resigned before because I was made to feel that I had to sacrifice and have to make frequent trips there. That hotel is no longer under my supervision, but I am very busy here."

Kuhl had been president of the commission and very active in its work.

**MAYOR ROLPH APPOINTS
POLICE COMMISSION**

SAN FRANCISCO, Oct. 1.—James Woods, manager of the St. Francis hotel, announced this morning that he had not yet made up his mind as to whether he would accept the office of chief of police commissioners tendered him by Mayor James Rolph Jr. following the resignation yesterday of Max J. Kuhl.

The mayor selected Woods immediately on learning that Kuhl was determined to resign the post by reason of press

criticism of his law office.

Woods' hesitancy in accepting the post which he previously held under the present administration is caused by his desire to have his time made his private affairs.

"I would like to serve," said Woods today, "but I am not sure whether I can arrange it. I will know very soon. I resigned before because I was made to feel that I had to sacrifice and have to make frequent trips there. That hotel is no longer under my supervision, but I am very busy here."

Kuhl had been president of the commission and very active in its work.

**REFUSES PROBATION
LEST DAUGHTER HURT**

Maurice D. LaTour, who pleaded guilty to the charge of burglary committed in Providence Hospital, was today sentenced by Superior Judge Ord on two years and three months in the State Prison at San Quentin.

LaTour threw himself on the mercy of the court but refused probation, because he did not wish his six-year-old daughter in New Orleans to know of his trouble.

John Maloof, who was also found guilty of burglary committed in the jewelry store of Jacob Leon, was sentenced to two years and six months in the State Prison at Folsom. He drew himself on the leniency of the court, but because of his past offenses, he was given the above sentence.

ALLEGED SLAYER ON TRIAL

The case of Antonio Souza, who is charged with having beaten his five-months-old baby to death, was commenced this morning in Superior Judge Ord's court. He is being represented by Attorneys Rose and Von Hovenberg. It is alleged that on the 11th of May, 1914, in a drunken frenzy, he decided to calm the crying child by pounding it on the head. The child died in August of con-

cussion of the brain.

California Will Join Republican Column

In the campaign of the so-called Progressives, headed by Hiram Johnson and John M. Eshleman, great stress is laid upon the statement that this is a "non-partisan" campaign; that no issues are involved save those pertaining to state government, and, following out this line of argument appeals, most pitiful in their character, are being made to Republicans to forget party affiliations, unite in re-electing the present governor and at the same time back him up with a legislature ready to do his bidding.

State government is not the only issue, as these men well know, nor is state government on a non-partisan basis to be desired. The extravagance of the last three and one-half years, showing as it does an increase of \$11,676,049.68, as compared with the four-year term of James N. Gillette, and of \$17,597,084.90 as compared with that of George C. Pardee is an answer sufficient in itself for any such claim.

In no state in the Union is the Progressive party any longer a factor, save in California, where it is rapidly waning. It has never had a valid excuse for existence. It was born as the result of the thwarted ambitions of one man, who demanded that he alone be given the right to dominate the Republican party and make it subservient to his will; a demand that was rejected. It accomplished no purpose, and its only act of prominence was that it took enough votes from the Republican party to defeat it and place the control of all three branches of national government in the hands of the Democrats by a minority vote.

The Progressives of California contributed to that result. By as infamous a political trick as was ever performed in any state, nearly 200,000 Republicans, men and women, were disfran-

chised and the opportunity of voting their party ticket was taken away from them.

And now, once more, these Progressives, with the record of the past confronting them, have the audacity and effrontery to go up and down the length of this great Golden State and appeal to those same men and women they disfranchised two years ago to vote for their continuance in power and to defeat the return of the Republican party to power in the nation at large, in so far as this state can contribute to the result.

The results that have followed the accession of Democracy to power have not been satisfactory. The abandonment of a tariff for protection for a tariff for revenue has been a complete failure. All over the nation there is a demand for a return to Republican rule. California, with her great wool interests, her fruit interests, her lumber interests, her dairy interests, her poultry interests, is in line with others of the sisterhood in asking that old conditions be restored and these productive resources be given the protection to which they are entitled.

That demand on the part of California is shown in the registration of nearly 400,000 men and women voters, something unparalleled in the history of the commonwealth. It has been a spontaneous uprising on the part of the voters who recognize the significance of bringing this state back into the Republican column where it belongs, where it will be placed and where it will remain.

Yet in the face of this unprecedented expression recorded on the backs of every county, the Progressive candidates are going into every nook and hamlet telling the people that there is no issue at stake; that this fight is on non-partisan lines.

It is the duty of California, and California is going to perform that duty by a vote so decisive as to forever hush these men, to send to Washington a Republican United States Senator, a solid Republican delegation to the lower house of Congress, and not only is it California's duty to do this, but it is also her duty to elect a Republican governor and a Republican legislature, not alone for the purposes of restoring efficiency; not alone because of the economics that will follow; not alone for the reason that confidence will be restored and capital will no longer shrink from investment, but for the added reason that this great state shall say to the others in the nation: "We have returned to the Republican party en masse; we are home to stay; we will no longer be looked upon as a community dangerous to capital and labor alike because of our manner of legislating; we are here to endorse and support, encourage and sustain those principles of political policy under which our own and our sister states have grown great."

California recognizes that the healthy partisanship of Republicanism is better for all men and all women than the erratic and vacillating and enormously expensive alleged non-partisanship of the Progressive candidates. California recognizes that they have existed as an organization only for the purposes of defeating that healthy partisanship and to secure which they have not stopped short of anything, even to taking the right of suffrage from the citizen, and California Republicans, almost 400,000 strong at this time, will answer this plea for support by an avalanche of votes in November that will bury this so-called Progressivism in this empire of the Pacific, forever.

Neylan "Up Against It."

John Francis Neylan, who qualified as an expert financier for handling millions of the money of the state traveling with Hiram Johnson in the campaign four years ago, is not doing any speech making in San Bernardino county. Thereby hangs a tale.

San Bernardino merchants were awarded contracts for approximately \$12,000 worth of supplies for the Patton Insane Hospital, but following the awards the same were cancelled for reasons best known to John Francis and his associates. These merchants were a bit warm in the region of their neckwear and demanded an explanation. John Francis hemmed and hawed and dodged the main issue, but finally explained that other bids were more advantageous. Then he went a step farther and laid himself open for criticism by declaring that "the award was made blind on the fairest possible basis and the state got the best quality with the least money."

The last assertion was fatal to John Francis. The merchants directed his attention to the fact that the samples were sent to Sacramento with gummed labels attached and the labels were still attached when the samples were returned.

Then it was that John Francis was impelled to make a further statement. He reluctantly admitted that he knew nothing of the case and had not been consulted about it. Comparison of dates shows this contract was awarded about the time John Francis was cavorting around California speaking for Johnson.

The San Bernardino Sun took Mr. Neylan to task for these matters of omission and commission, whereupon the head of the board of control called the paper a prevaricator and said the reason it had taken the matter up was because it had not been given some state legal advertising. The Sun came right back with the statement that it had never been asked to bid. Now San Bernardino is not on Neylan's itinerary.

B. F. Fly, Secretary of the John B. Curtin organization committee, is making speeches for his candidate down the San Joaquin Valley and it is reported that Hiram Johnson wants to "swat him."

Dispatches from Vienna indicate that General Cholera is making an attack on Austrian troops.

Rustum Bey appears to have acquired equal honors with George Fred Williams.

Mt. Lassen is reported as having spouted fire during a recent eruption. California's volcano, like her other attractions, gives the spectator full value.

There is one consolation: When this war in Europe ends we will be able to pronounce any old thing that appears in print.

A Fruitvale educator is lecturing on "Wild Life," but whether he is for or against Heney is not stated.

Looks as if the dove of peace might get a toe hold in Mexico after all.

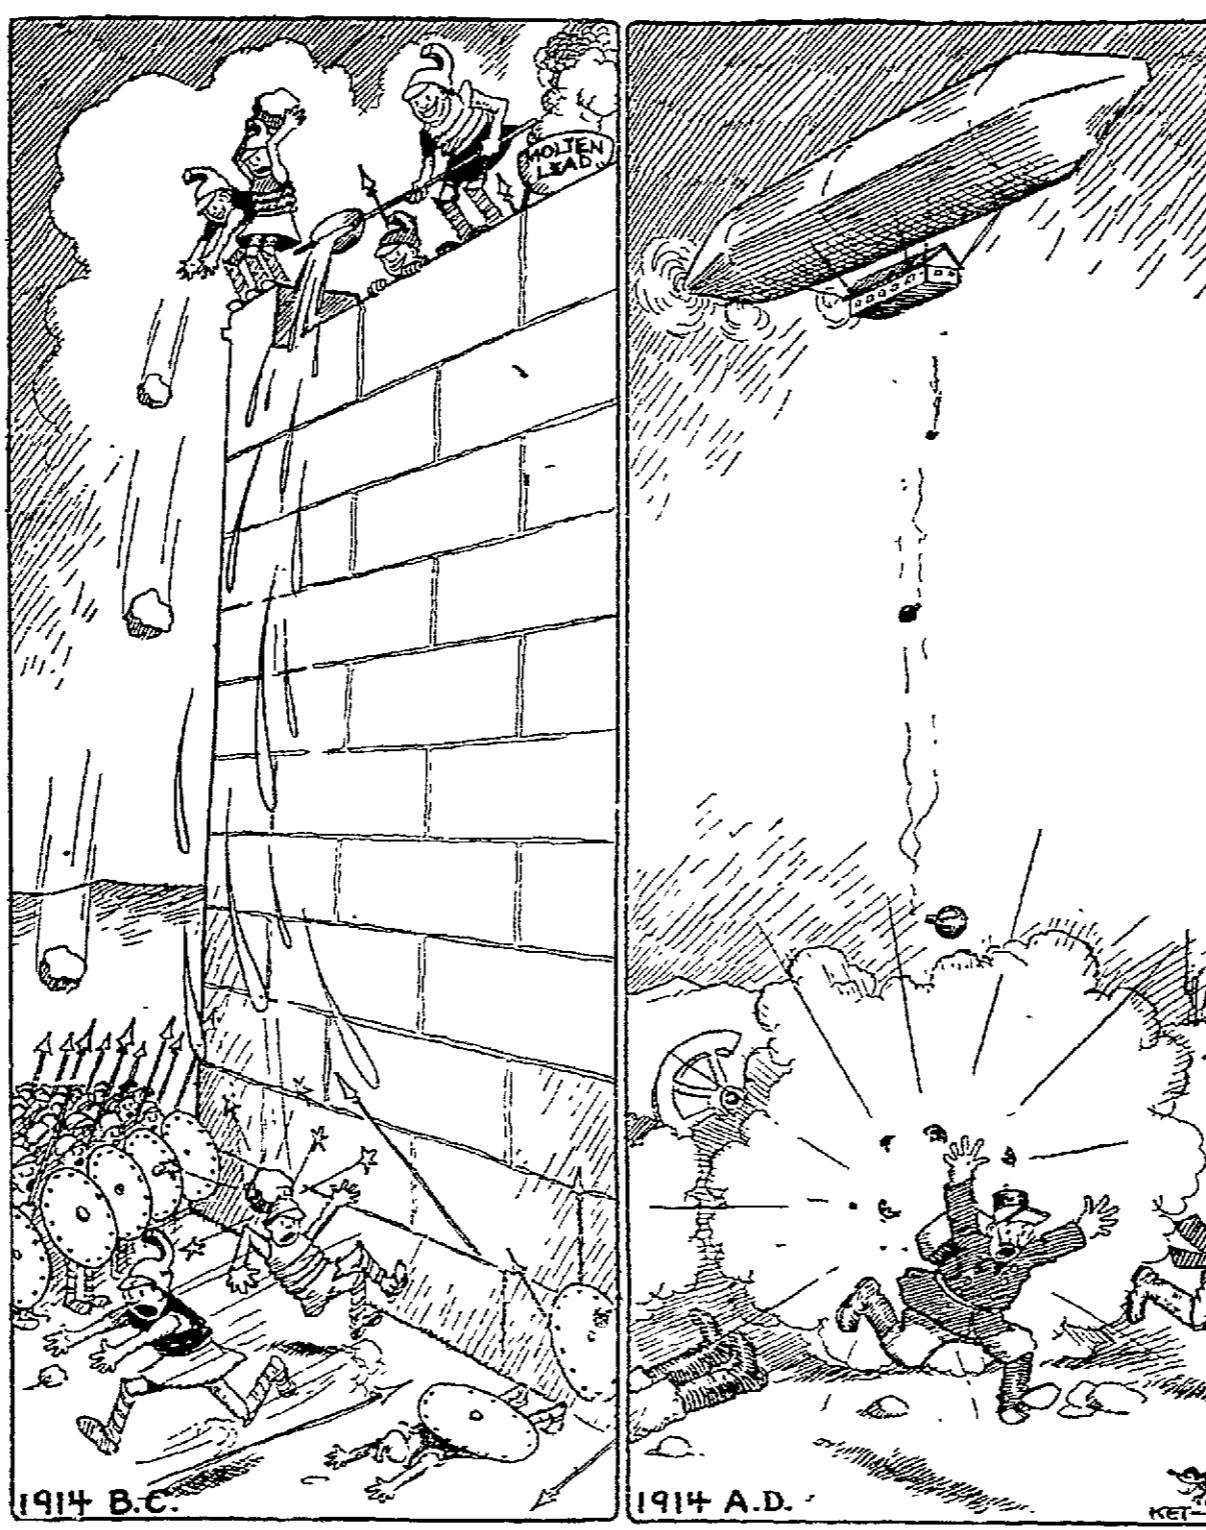

TWENTY YEARS AGO TODAY

The Populists opened the campaign in Oakland amid the boomerang of canon and the singing of songs. Their ratification meeting was held in the Tabernacle on the corner of Eleventh and Harrison streets. Just before 8 o'clock the West Oakland Club entered the hall with their banners and were received with cheers. J. M. Moore made a few remarks in calling the meeting to order and then introduced L. M. Frick, who sang a song entitled "God Help the Poor." Rev. S. Goodenough, candidate for the Assembly in the Fifteenth District was next introduced and made a stirring speech on behalf of the cause of the Populists. Louis Locket, the candidate for attorney-general; D. T. Fowler, candidate for State Senator, and E. M. Gibson, candidate for the Supreme Bench, all made interesting speeches.

Eight cases in the last stage of consumption were discovered on the way to a "rest center" and new demands for health inspectors. The salure is starting up again. It is greatly charged that the cattle were condemned for the purpose of being marketed as "refrigerated meat."

MASONS TO REVEL DURING CARNIVAL

October 15 Set Aside for Order of Scouts at Alameda Co. Exposition.

Members of the Masonic fraternity of San Francisco and Alameda county will attend the Alameda County Exhibition and Carnival to be held at Idora Park under the auspices of the civic and commercial organizations of the county from October 3 to 15, inclusive, on Thursday, October 15, one of the special days during the event and which has been set aside for the Ancient Egyptian Order of Scouts. The Scouts will live up to the name of "being the playground of the blue lodge Masons" on that occasion and will do everything to entertain the visiting Masons from both sides of the bay. Oakland Pyramid No. 2 will be the official host of the visitors.

According to the plans made for this occasion one of the features of the day will be an exhibition drill by the Arab patrol and a concert by the Shrine Band of Alameda Temple. Members of the Ancient Shrine of Oakland, W. H. Greenbaum, George Ruediger and George F. Clark compose the committee of arrangements for Scouts day and the officers of the local pyramid are as follows:

G. H. Wellington, torchab; E. M. Jones, mobil; F. S. Eaton, haubrissle; L. L. Gummow, scribe, and W. B. Greenbaum, chancellor.

Co-operating with the local committee and officers in securing a big attendance of the San Francisco members of the Masonic bodies is the following committee of the San Francisco Pyramid No. 1: Dr. A. L. W. Zillmer, C. H. S. Pratt, J. M. Hepper, W. A. Burdock and George Lunt.

A light and airy working basement, arc lights, installed for the purpose, started last night on the erection of booths and the installation of displays in the exhibit pavilion. Night and day work will be kept up from now until the opening of the Alameda County Exhibition and Carnival on Saturday afternoon.

Extensive preparations are being made by a committee of the Oakland Rotary Club for the ceremonies marking the opening of the industrial exposition. Saturday will be Rotary day and the Oakland Rotary Club will entertain the delegations from the Rotary Clubs of San Francisco, Sacramento, Stockton and San Jose at a luncheon at Idora Park on that day. The visitors will join in the opening of the exposition. The visitors will come by special trains and will be met on their arrival in Oakland by a reception committee from the Oakland club. Accompanying the Sacramento delegation of Rotarians will be members of the Sacramento Lodge of Elks and members of the Sutter Club of that city.

Work was started today by the Oakland, Antioch & Eastern Railway on its display at Idora Park, the principal feature of which will be an automatic block signal, showing the operation of such a signal on the electric line of the railroad between Oakland and Sacramento.

SUSPECTED ABSCONDER FROM CANADA ARRESTED

SAN JOSE, Oct. 1.—William Leslie Wyatt, a San Francisco bookkeeper, who is said to be an absconder bank collection clerk, formerly employed in Nelson's Bank at Montreal, Canada, has been arrested here and is being held on wire instructions from the office of the Canadian detective agency, which has agents in Montreal. According to a member of a detective agency, Wyatt's alleged peculations extended over a period of years.

UNIFORM OIL PRICE

OKLAHOMA CITY, Okla., Oct. 1.—The state corporation commission has ordered a uniform price of 55 cents per barrel for oil and prohibited the further drilling of wells without permission of the commission. The restriction of production will be controlled by the commission to the end that the price of oil may be raised soon to 75 cents per barrel.

PERALTA PARK MEETING

At 8 o'clock this evening the Peralta Park Improvement Club will hold an open air meeting on College avenue near Oak Grove. Speakers will describe the Alameda exhibit to be shown at the carnival at Idora Park.

IN SUCH PAIN WOMAN CRIED

Suffered Everything Until Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Florence, So. Dakota.—"I used to be very sick every month with bearing down pains and backache, and had headache a good deal of the time and very little appetite. The pains were so bad that I used to sit right down on the floor and cry, because it hurt me so and I could not do any work at those times. An old woman advised me to try Lydia E. Pinkham's Vegetable Compound and I got a bottle. I felt better the next month so I took three more bottles of it and got well so I could work all the time. I hope every woman who suffers like I did will try Lydia E. Pinkham's Vegetable Compound."—Mrs. P. W. LANSING, Route No. 1, Florence, South Dakota.

Why will women continue to suffer day in and day out or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Little Evonne Wiley Garrison, nine months old daughter of Mr. and Mrs. Bernard Garrison of 2321 Telegraph avenue, is one of the most perfect babies in this city, where she was born. The tiny child has been called "The Laughing Babe" and, according to the statement of her parents, she is always laughing and rarely cries. Evonne is a typical blonde with large blue eyes, which are very expressive. She has already shown a love for flowers and "picture books." Through the courtesy of Mr. and Mrs. Scharz finds much pleasure in crawling around the garden and she plucks the flowers for household decorations.

BOYS' CLUB BAND TO GIVE DANCE, TOUR PENINSULA

The Oakland Boys' Club Band will give concerts for Redwood City, Palo Alto and Burlingame, leaving Oakland Saturday morning, October 10.

Under the auspices of the Oakland Boys' Club Band, a dance will be given in Eagle's Hall, Burlingame, tomorrow evening. The proceeds will be used to help defray the expense of transportation.

Following the Panama Exposition the Oakland Boys' Club Band will make a tour of the United States. Forty of the most talented boys will be selected for this trip. They will spend a week in Chicago, New York City, Philadelphia and other cities.

Preparations for this tour will begin the first of the year. Superintendent Mummert anticipated that it will require at least one year to perfect his plans.

PERALTA PARK MEETING

At 8 o'clock this evening the Peralta Park Improvement Club will hold an open air meeting on College avenue near Oak Grove. Speakers will describe the Alameda exhibit to be shown at the carnival at Idora Park.

VOLLEYBALL FINALS TO BE PLAYED AT PRESCOTT

Finals in the "men's handicap" series of the volleyball contests for the boys of the fifth, sixth, seventh and eighth grades of the Prescott school will soon commence. Every day at 12:45 the boys play for the handicap and the lads are in the volleyball game, which is the leading outdoor pastime for the boys and girls.

Aquatic sports are also absorbing the attention of the boys and girls as they recently established a club. For the purpose of raising a fund for the purchase of cars an entertainment will be given tomorrow evening in the Prescott school assembly hall, where the Prescott school band will furnish the music and talents of all kinds.

The crew of Prescott school will take part in the Columbus day regatta and have started to practice rowing for the event in which the youthful oarsmen of the local schools will take part.

LOCKWOOD'S SCHOLARS HEAR TALK ON COLUMBUS

About 150 boys and girls of the Lockwood school attended the lecture given yesterday morning in the Oakland Museum upon the subject of "Columbus." The talk was given by Mrs. D. W. de Veen, assistant curator of the Dewey school on "Indian Life." The talk was illustrated and the little folks viewed the Indian relics which were described in the talk.

This morning the children of the fifth and sixth grades of the Durant school heard all about the "Birds," while the students of the seventh and eighth grades of the Preston school and West Durant learned about the Indians at the lecture this afternoon. Mrs. de Veen made the statement to the effect that the children are interested in the nature branches of study and the talk have proved very beneficial.

BOYS CLUB REORGANIZED

The Junior Progressive club, a boys organization, has been reorganized and it now has a large membership among the lads between the ages of 15 and 18 years.

Many plans are under way for the future and the representatives of the society have secured new quarters at Twelfth and Clay streets, where the gymnasium and the work is being conducted by a special instructor. The boys enjoy their athletic contests there. Every Friday evening dances are held in the old Armory at Eleventh and Market streets, while the fall series commenced September 31.

GAS, HEARTBURN, INDIGESTION OR A SICK STOMACH

"Pape's Diapepsin" Ends All Stomach Distress in Five Minutes.

Time it! Pape's Diapepsin will digest anything you eat and come a sour, gassy or out-of-order stomach surely within five minutes.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. Then it will stop sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness, or heavy feeling in the stomach, nausea, debilitated headaches, dizziness or intestinal griping. This will go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain enough Pape's Diapepsin to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home.

OAKLAND WOMAN HEADS AUXILIARY OF UNION

Mrs. Gertrude P. Amedee, president of the Ladies' Auxiliary of the Oakland Union of Steam and Operating Engineers, was elected president of the Ladies' International Auxiliary at the international convention in Teaneck, Ill.

Mrs. Little M. Roberts of this city was chosen the general organizer. She will appoint deputy organizers throughout the United States for the purpose of establishing branch societies.

Both Mrs. Amedee and Mrs. Roberts, representatives of the Oakland auxiliary, played important parts in the convention. They made the motion to establish the headquarters of the Ladies' International Union in Oakland and the convention voted unanimously in favor of the motion. There were forty women present at the convention.

Thomas James McAdoo, financial secretary of the local union, was re-elected second

SOCIETY

In Society, Let Bygones Be Bygones

Some Ancestors Not Considered Fair Subjects for Table Talk.

THERE is an amiable man in the Greenway set—not that he wants to be there, but his family dragged him in. But he doesn't complain. On the contrary, he takes an academic interest in society.

Of course, society has many types. In California the variety is especially interesting. So the story of the man is merely of a type that may be found among the others.

Even one liked him. He is retired now. Not many years ago he was a poor man, and he rather likes to remember it. Just as Wellington Gregg delights to recall the days he sold newspapers in Market street and dreamed of being a banker.

After a Greenway one morning the man met a friend.

"I went to the ball last night," he said.

"Have a good time?" asked the friend.

"Well, I can't say I did," answered the man. "I don't care for these balls."

"But I met Mrs. Black. You know she's broken too. I've known her since our fathers wheeled barrows together down the waterfront in early days. I was glad to see her, but she didn't seem so glad."

"I wonder why?" said the friend.

"Well, I asked her if she remembered old times, and she didn't want to recall them," the man went on. "I was telling my wife, and she said you must never go back ten years in San Francisco society, and it's safer to stay this side of five years ago. Guess she's right."

In a way she was, the friend agreed, and the man went on his way with a new sense of social discretion. He felt that he was "learning the ropes."

WEDDING A SURPRISE.

A quiet wedding that will be a surprise to society took place this afternoon when Miss Abby Sanderson, daughter of Mr. and Mrs. H. M. Sanderson, was married to James Lee, formerly of Kimberley, South Africa, but now of Oakland. The ceremony took place at 6 o'clock in Trinity Church, where Rev. John Bokewall read the service in the presence of the bride's parents and one or two friends. The bride wore her going-away gown of green cloth, with a smart black velvet belt. There were pink roses and lilies-of-the-valley in the bouquet. The bride and groom departed on their wedding trip. On their return they will occupy an attractive home in Telegraph Avenue. The bride is a clever, accomplished girl who graduated seven years ago from University of California, where she was in college affairs. The groom, who has made many friends during his residence in Oakland, is connected with the Great Western Power Company.

GIVE THEATER PARTY.

Miss Alice Warner, the fiancee of Dr. Robert Law, who had been visiting Miss Josephine Johnson in Piedmont, returned to her parents' home at the Court last evening in honor of Miss Jane Hottinger, whose engagement to Al Swimmerman has been announced. Among the guests were Mr. and Mrs. William Roth, Miss Johnson, Miss Marie Louise Tyson, Dr. Law, Jacob Weine, Frank Kales and Clinton Montague.

WEDDING THIS EVENING.

The wedding of Miss Aileen Corwin and Frank Behn will take place this evening at the home of the bride's parents. Mr. and Mrs. W. J. Corwin in Vernon Heights. The house will be elaborately decorated for the occasion in shades of pink and blue. Guests invited to the wedding will be present. A profusion of pink roses, asters and chrysanthemums will be used in the several rooms, and in the living room where the ceremony will take place there will be a border of pink blue and white wreaths of delicate blue tulips. Miss Adele Corwin and Miss Helen Johnston, the bridesmaids, will wear gowns made alike in the new basque fashion, one of blue and one of pink, charmeuse with silk lace.

The bride will wear a costume of lace over satin crepe, miter and veil with tulles. Her long tulles veil will be caught with orange blossoms and will have a row of wide roses and bluebells of the valley.

The bride will wear a costume of lace over satin crepe da chino and brocade trimmed with lace lace. The bride will be gowned in blue brocade.

WOODEN WEDDING.

Mr. and Mrs. F. C. Hastings entertained 20 guests Sunday evening at their home in Cypress Avenue, to celebrate the fifth anniversary of their marriage. The decorations and favors at every table were suggestive of a "wooden" wedding. The favors set in wood bowls, among the favors they wooden shoes. A number of appropriate gifts were received by the bride's parents from their friends.

Mr. Hastings is a grandson of the late Justice F. C. Hastings, founder of the Hastings Law College of San Francisco, and has made his home on this side of the bay for several years.

RETURN FROM MCLOUD.

Mr. and Mrs. Frederick Van Sickle and Miss Hilda and Fredricka Van Sickle Jr. have return from a visit to the McCloud Country Club, where they spent a week after their return from Lake Tahoe. A number of members are still at the club, where the Edgar De Pue and the Hunting season. Mr. and Mrs. John Grant, Mr. and Mrs. Horace Hill Jr. and Miss Marion Zellie will go up on Saturday.

MISS JOHNSON A HOSTESS.

Miss Josephine Johnson will be hostess at a dinner at her home in Piedmont next Thursday evening in honor of Miss Alice Warner and the latter's fiance, Dr. Hubert Law. A dozen guests will accept her hospitality. Among them will be Miss Jane Hottinger and Al Swimmerman whose engagement was recently announced.

FOR MISS HENSHAW.

Miss Florence Henshaw, who is visiting Mr. and Mrs. Talbot Walker at Woodside, was guest of honor at a dinner and the after party given Monday evening by her hosts. After dinner at the St. Francis Park attended the performance at the Civic Theatre. The performers were Miss Marian Zellie, Miss Helen Keeney, Frank Jones and Charles Keeney.

LEAVE FOR CHICAGO.

Mr. and Mrs. William J. Foley, who have spent several months at the Hotel Oakland, left this morning for their home in Chicago. Mr. Foley is a well-known writer whose poems have won him distinction in the literary world, and his wife is an exceptionally charming woman who has made many friends during that stay. They will return to California next January to spend the season in Pasadena, coming to Oakland for a sojourn in the spring.

FOR CEREBRAL-ELECT.

Miss Doris Hadley has sent out invitations for a bridal party to be given at her home in Piedmont on Saturday afternoon, October 8. Miss Gertrude Chappell, who will be a bride of the month, will be the guest of honor and a score of guests will be entertained.

Miss Dorothy Ross will be a hostess next week in honor of Miss Chappell at an informal tea.

LEAVE FOR THE EAST.

Miss Helen Van Slyke left for the east Tuesday to be the guest of her sister, Mrs. Benjamin Rector Bell, for several months at her home in Fort Wayne, Indiana. Mr. and Mrs. L. M. Van Slyke will join their daughters for the Christmas holidays, and with Miss Helen will return soon after the start of the year.

VISITING BERKELEY.

Miss Edna Cranston Bryman of Portland is the guest of Mrs. L. E. Gregory at her home in Greenwood Terrace. Miss Bryman, who is a clever artist, has given the summer sketching at Carmel with much entertainment during her stay in Berkeley, where Captain and Mrs. A. H. Barber gave a dinner for her Tuesday evening.

ARRIVE FROM THE EAST.

Mr. and Mrs. Arthur Harris, whose wedding took place last month in Denver, are expected to arrive this evening from the Orient, where they will occupy apartments that have been reserved for them at the Hotel Oakland, where Captain and Mrs. A. H. Barber gave a dinner for her Tuesday evening.

Why America Should Now Lead in Beauty Culture and Fashions

PART II.

Dressmaking, as we understand it today, grew up in France under the Empress Eugenie, and the first grand couturier was the originator of the present famous Paris house.

The first Worth

was a young Englishman, the son of an English draper, who came to Paris to learn all that he could of his father's business.

With English

men he learned the art of making a complete gown,

that is, he conceived the plan of selling not only the goods and materials, but also the complete costume, built up under his directions.

MACHINES CRASH IN THE DARK, INJURING WOMAN

BABY SAVING
SHOW AIDS
MOTHERS

Every Phase of Maternity Is
Shown at Hospital Asso-
ciation's Exhibition.

The young mother was in her glory at the City Hall today at the opening of the Baby Saving Show in the council chamber and rotunda of the building. Every phase of motherhood has been outlined in maps and charts and displays, with model bedrooms, nurseries, kindergartens, playgrounds and all that pertains to the welfare of the baby and the upbuilding of the race.

The show will be open for two weeks, with a lecture every day, the subjects ranging from "Vital Statistics" and "Milk" to "Flies" and "Alcohol." The lectures will be in the council chamber, the first one being delivered today by Dr. A. F. Gilligan, health director of Oakland on the subject of "Vital Statistics."

The display is divided into fifteen di-
plays, and begins on the mezzanine land-
ing of the big stairway in the City Hall rotunda.

Arrows conduct the observer through a
maze of information and instruction, the
show being in effect a brief course in
maternal knowledge.

Before noon today the visitors began
to troop into the hall. Two nurses and
a number of women who have been giving
their time and attention to the work
were on hand to guide the mothers
through the exhibit, and to answer ques-
tions as to the meanings of the various
charts and warnings.

PRACTICAL KNOWLEDGE.

Interested groups gathered in the vari-
ous booths. Lengthy discussions were
engaged in as to the validity of some
caution or the worth of some baby bet-
terment device. Practical mothers who
had raised families visited the show and
agreed that it was instructive and interest-
ing, but declared with conviction that
"doctors don't know everything."

The show is scientific and practical. It
drew big crowds today, as it is the first
show of its kind in Oakland. It is some-
thing new in the world, although Eastern
cities have had their baby saving shows,
but a decade or so ago such a thing was
unheard of.

The exhibition has its lighter side. A
chart carrying a warning against flies,
and the information that the "bad man
next door" in the State of Georgia had
over 2000 birds in his bird houses, acc-
cording to the health officer of the state,
ended with the query: "Have our Calif-
ornia flies any better manners?"

Not only the mothers were in evidence
today. There were a number of fathers
as well. In a booth devoted to the
"Rocky Road" to be traveled by the
infant whose mother might have a belief
in the use of patent medicines, a group
of young fathers held heated argument.
The booth contained a rugged roadway
of sand, with rocks along the path, and
an heroic dollbaby struggling along and
coming to grief against rocks labeled
cough syrup, Mrs. Winslow's soothing
syrup, cough medicine, carcats, pare-
goric, and floundering in a bus labeled
"Pacifiers."

ASK FOR LICENSE.

"A lot of those things are bad," de-
clared one father sententiously, "but
cough medicines are sometimes necessary,
and can be made in harmless form."

"Yes, and pacifiers are necessary," de-
clared another, leading his comrades on-
ward to another display.

A young blushing couple braved the
display and wandered through the ex-
hibits to the door of the city clerk's of-
fice.

"Is this where you get —?" demanded
the young man.

No marriage licenses can be obtained
down at the county clerk's office at Fifth
and Broadway, explained Deputy City
Clerk Frank Bus. "I knew what you
wanted."

The girl laughed somewhat hysteri-
cally and blushed more crimson than
before.

"But you came at an opportune time,"
the two were told as they hastened forth
through the Baby Saving Show exhibits.

The first display is given to vital stat-

HUMAN ENIGMA
KNOWS NEITHER
NAME OR HOME

SAN FRANCISCO, Oct. 1.—The human enigma who knows neither his name, home or history and who is forming a psychological study for the studios at the Hall of Justice, was again taken about the city this morning by Detectives Hoerlein and McLaughlin. None of the buildings appealed to him. Not a ray of light flashed in his eyes. He seemed deaf, dumb and blind, save that he did not have to be led.

Captain of Detectives Shea declared this morning that he thought the man had been sent to the Central Emergency hospital. It may be that local alients will be given an opportunity to examine him. He was first found in a firehouse Tuesday night and bore a letter from H. W. Harner of Greeley, Colo., saying that he had been struck down by thugs in Chicago, his mind thereafter becoming a blank.

Merchant Arrested After Offi-
cer Takes Shot at
Automobile.

John Renfro, a merchant, was ar-
rested last night on the Boulevard after being pursued for several blocks by the auto patrol. Patrolman Underwood firing half a dozen shots at the
fugitive. A charge of exceeding the speed limit was placed against Renfro, who was traveling over fifty miles an hour, according to the police. He was released on \$25 bail.

The police were notified by Frank Holliday of the Best theater, in San Leandro, that Renfro had dashed through San Leandro and had struck Holliday's machine at Estudillo's ave-
nue. Her father died eight years ago and she is an only daughter. She is the niece of M. Glaser of Glaser Brothers, wholesale cigar dealers. Abrams, who lives at the Grand Hotel, is in partnership with his brother in a wholesale business.

The elopement of the couple was a
distinct surprise to Mr. Glaser.

"I knew that my daughter and Mr.
Glaser were going to be married," she explained, "but I was a little surprised at the way they did it. I was going ahead with a few preparations for the wedding, but there were no publications out of anything like that. I am not sure that it turned out as it did as I admire Mr. Abrams much and am perfectly satisfied over the affair."

MOTHER IS PLEASED.

Mrs. Abrams is the daughter of Mrs. Phoebe Glaser of 2360 Van Ness avenue. Her father died eight years ago and she is an only daughter. She is the niece of M. Glaser of Glaser Brothers, wholesale cigar dealers. Abrams, who lives at the Grand Hotel, is in partnership with his brother in a wholesale business.

Following the wedding ceremony, the entire party left for Santa Cruz, where it was planned to take their wedding breakfast. The groom is 37 years of age, while the bride is 21.

OPPOSES PHILIPPINE
INDEPENDENCE BILL

WASHINGTON, Oct. 1.—Rep-
ublican Leader Mann, opposing the
Philippine independence bill in the
House today, declared he favored "re-
taining supremacy or the fighting
ground of the future—the Pacific
ocean." He declared that the conflict,
commercial or otherwise, "that is inevi-
table between the Far East and the
Far West, will be across the Pacific ocean."

"If we let the Philippines go today
without a string tied to them," he added,
"they will belong to some other country within ten years, and
if they become independent and keep
se for years they will be used against
the United States eventually."

Mr. Mann said he was against in-
dependence even with conditions and
was not sure he favored even a naval
station there in the event of inde-
pendence.

"Let China or Japan or Germany
or Great Britain take them in that
event," he said.

Deputy City Auditor

Kirk Passes Away

Joseph A. Kirk, deputy city auditor,
son of the late City Councilman O. C. Kirk, Oakland pioneer and politi-
cian, died this morning following an
illness of several months. At the
family home, 301 Fifth avenue. He
is survived by three brothers and sis-
ters. Henry Kirk of New York, Clement
Kirk of San Diego and Edward,
Loretta, Katherine and Rose Kirk of
this city.

The funeral will be held Saturday
at St. Anthony's church, with which
the deceased had been prominently
identified. The late official was well
known in city political life and was
one of the principal employees of the
auditor's office.

EDWARDS WAS SUED FOR BREACH OF
PROMISE IN ST. PAUL

CHICAGO, Oct. 1.—Charles F. De
Woo, former investigator here for
the department of justice, and Harry
Parkin, an assistant federal district
attorney, today were absolved from
charges of conspiracy with Miss Ada
M. Cox, a stenographer, in the obtain-
ing of an indictment charging William
Krusz, awards, a wealthy lumber-
man of St. Paul, with violation of the
Man's white slave act. Judge Landis,
before whom the charges were aired,
closed the investigation this morning
asserting that the charges were "pa-
pable falsehoods." He recommended
that the grand jury take cognizance
of the affidavits containing the
charges.

Edwards was sued for breach of
promise in St. Paul by Miss Cox, who
obtained a verdict of \$17,500 against
him. As the case was nearing a close
Edwards, on complaint of Miss Cox,
was indicted in Chicago for alleged
violation of the white slave act.

PAJAMERINO THE 'BIG JOY' TONIGHT

Annual "Nightie" Rally to Be
Held This Evening at the
Greek Theater.

UNIVERSITY OF CALIFORNIA, Oct. 1.—With music, farce, bonfire and speeches the annual pajamerino rally, gayest of all college affairs, will be held this evening at the Greek theater. Every article needed for the affair has been distributed to holders of Associated Student cards, and even at that, the amphitheater will be filled to the gates. The classes are to assemble in the original grottoes. Freshmen and land at North Hall, juniors at South Hall and seniors at Senior hall. The gates of the theater will be opened at 9:30. Two entrances into the classes will begin their serpentine march to the theater, reaching it in ten minutes or so. With the exception of the seniors, pajamars are to be the recognized costume of the evening. The seniors have agreed to wear plain, old-fashioned "nighties."

Among the speakers are to be Dean Thomas F. Hunt of the department of agriculture; Professor Henry R. Ladd, Fred G. Atherton and others. The yell leaders' cans will be presented during the evening to Ted Hale, varsity yell leader; Bernard Miller of the class of 1908, a number of his former acquaintances have been planned for the evening, the nature of none of which is to be revealed beforehand.

The sophomores have spent a considerable amount of time in preparation, but the rivalry between the classes is so keen that they are expected to have to work to hold up their end.

TALKS ON TEETH

By Dr. J. B. Schafhirt.

Would You Have

one of your fingers or toes cut off simply because your glove or shoe dealer told you that you could not be fitted unless this was done? No, I don't believe you would. You no doubt have been advised to have what few teeth you have remaining extracted to make room for a plate. Now, isn't the reasoning in each case on the same lines? If you wouldn't in one, why should you in the other? This argument leads you to the natural conclusion that I must have something better to offer you than plate or bridge work, and something that will keep you from sacrificing those few teeth, and I undoubtedly have or I would not be continuously talking to you for over five years trying to convince you of the perfectness of this method.

You surely would not submit to wearing a partial plate if you knew positively of something better.

Heretofore there was nothing better offered by the leading dentists of this country but the partial plate or bridge work. The plate and bridge only fills the gap formed by the missing teeth, but that is about all it does—it is a poor excuse for Nature's teeth. With my method I not only fill this gap, but so naturally that you cannot distinguish them from your own, and best of all, go right ahead eating as if they were your own.

Things move so quickly nowadays, and there are so many improvements taking place right under your own vision that when you hear some one say, "Well, it can't be done," usually these people are interrupted and soon wake up to the fact that the other fellow is doing it.

I only require that you have two teeth or good roots in each jaw in order to accomplish this wonderful work, and when it is completed and in your mouth, you will forget that you ever had teeth.

Don't get the idea that I bore into the gums, giving you pain at every turn in order to accomplish this work—far from it. My method is so perfect that the tortures of the older methods have been eliminated. Possibly you would like to read more of this work—if so, send for one of my free books, which goes into the work thoroughly.

The man or woman who hesitates and delays soon finds out that their places have been filled and they have gone backward instead of forward.

Will you hesitate and delay when you know much depends on good teeth? Make up your mind—do it today.

GIRLS PREPARING ORIGINAL STUNTS HIGH SCHOOL SHOW TO BE UNIQUE

FAIR ALAMEDA MAIDS WHO WILL PLAY PART IN PERFORMANCE TO BE GIVEN BY ALAMEDA HIGH SCHOOL: LEFT TO RIGHT—MISS JULIANE RACN, MISS HELEN THOMPSON AND MISS GENEVIEVE KERDEL.

ALAMEDA, Oct. 1.—Pretty girls in attractive acts will be one of the principal features of the Alameda High School-Els' show, which is to be held the evening of October 20 at the New Alameda theater. The girls of the High school have become boudoirs for the big show and are rehearsing daily in the various sketches in which they are to appear.

One of the big stunts in which

girls will appear is the "rowing girls" chorus, an unique concert which will keep all the audience a-humming. Then there will be a girls' basketball act, which are adept muscians. Then there will be several other choruses, which are being prepared under the direction of the faculty.

The boys of the High school are not to be outdone by the coeds and they have arranged several specialties that will take down the house. Otto Ritter, physical instructor at the high school,

is having an acrobatic stunt perfected

by the boys, and the girls are to be assisted by the members of the industrial troupe of Alameda Lodge of Elks. The minstrels will not appear in the old-time semicircle, but will have an unique stunt in which hand, arm and foot will be supine. This will be arranged under the direction of William Hammond Jr.

The proceeds are to be added to the athletic fund of the high school.

A letter was received from E. A. Allen advocating the retention of the store.

CITY'S STORE IS ARGUMENT TOPIC

Competitors Don't Want It; Private Citizens Ask That It Stays.

ALAMEDA, Oct. 1.—After a round robin which lasted three hours and a half the board of electricity took no action in regard to the municipal supply store, against which opposition has been shown by the dealers, other than to agree that the store should remain as it is, leaving an adjunct of the city's electric light business.

The discussion became animated at times and was given thorough investigation. Commissioners Wynn Meredith and Herman Krusl, who were present, declared following the lengthy consideration that as the great majority of consumers had voted to retain the store that it would still be conducted.

W. S. Hambridge, secretary of the California Association of Electrical Contractors and Dealers, and C. E. Butts, of the Electrical Development League, were in attendance and urged the abolishing of the store or the increasing of the prices so that they would be the same as those of the dealers. Messrs. Deeken, Angel, Bechle and Leydecker, local contractors and dealers, were also present and added their request that the store be discontinued.

E. K. Taylor gave an address in favor of retaining the store. He reviewed the history of the plant and gave it as his opinion that the store is necessary to increase the consumption of current and thereby increase the receipts of the municipal plant. Green Majors and Leo Robinson also made talks favorable to retaining the store.

In many ways it is believed that a conference of this sort would be of value. At the present time the discussion, though not in full, is on the borders of the different cities, where children in one wish to attend school in the other but are prevented except by the payment of a fee. Numerous other border difficulties are constantly

arising.

In the matter of financing the schools

there has been continual difficulty. It is thought the presentation of a united front on this question will work well for all the dependent cities. The unification of the source of revenue is another point which may be solved for later.

The Pianola Is Needed In Your Home

Mr. Business Man—you need the Pianola—you will enjoy a short every-evening period of recreation and mental refreshment by playing (yourself) everything is the realm of music.

Give your children the opportunity of knowing good music—help them in their music study—they, too, will soon play the masterpieces.

Your wife and friends will share your pleasure—they, too, will play—as well as enjoying the playing of yourself and children.

The Pianola will put Music into your home—not music played to you, but by you.

Never has the Pianola been so fine, so perfect, so economical and so easy to buy. Why not at least investigate?

MACDONOUGH

Annette Kellermann, the beautiful Australian diving Venus, playing in "Neptune's Daughter," filmed fantasy at the Macdonough theater, has given enjoyment to many in displaying her aquatic art on the vaudeville stage. But now she is delighting many more, because her wonderful diving and swimming tricks could not be displayed more vividly than in motion pictures, which are being shown the entire week at the Macdonough theater. In the afternoons at 1:30 and 3:30 and in the evenings at 6:45 and 8:45.

"The Trail of the Lonesome Pine" begins at the Macdonough theater next Sunday evening. This is not a moving picture.

PANTAGES

"The Fair Co-eds," Meno Moore's newest musical tableau of campus life is what the author terms a "host of happy incidents of co-education days." The scene is beautiful and the story true to life. Ethelyn Clark, Mazie Morris and George Oldham are three pretty girls of whom sing well and dance gracefully. John Bell, the comedian, emphasizes his attenuated length in his role of a mental grind unused to frivolity. Bert Perry plays a fat part and gets laughs by just walking around. Jeanette was featured with prettiness Clark, and these two sing and dance delightfully.

Other acts are Heras and Preston, circus acrobats, Frank and Lillian Gurley in a piano act and Billie and Bertie Edwards in a tense playlet entitled "Self Defense." Billy Chase and Charlotte LeTour with a bunch of laughable nonsense. Schiller's string quartet of girl musicians; Kitter, Hayes and McAbies in a musical comedy sketch. Next week "Lady Belle and Silver Belle," a mystery act, will be the headliner.

How To Make the Quickest, Simplest Cough Remedy

much better than the ready-made kind and you save \$2. Fully guaranteed

This home-made cough syrup is now used in more homes than any other cough remedy. Its promptness, ease and certainty in conquering distressing coughs, chest and throat colds, is really remarkable. You can actually feel it take hold. A day's use will usually overcome the ordinary cough—relieves even whooping cough quickly. Splendid, too, for bronchitis, colds, croup, bronchial asthma and winter coughs.

Get from any druggist 2½ ounces of Pinex (50 cents worth), pour it in a pint bottle and fill the bottle with plain granulated sugar syrup. This gives you—at a cost of only 64 cents—a full pint of better cough syrup than you could buy for \$2.50. Takes but a few minutes to prepare. Full directions with Pinex. Tastes good and never spoils.

It is pleasantly surprised how quickly it relieves dry hacking, tight coughs, and heals the inflamed, sore bronchial tubes, thus ending the persistent loose cough.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, rich in guaiacum, which is so healing to the membranes.

To avoid disappointment, be sure and get your supply for 2½ ounces Pinex, and don't accept anything else.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

WORLD TOUR IS HALTED BY WAR

Mt. Eden Residents Fail to Complete Long Sightseeing Trip.

HAYWARD, Oct. 1.—One of the most complete world tours ever taken by Californians, in which Mr. and Mrs. Herman J. Stier of San Francisco had traveled continuously since last November, had to be abandoned on account of the war.

The globe trotters intended to spend another year in traveling, but were held up at Melbourne at the outbreak of the war. They took ship home, intending to spend some time at the Samoan Islands en route. Here again, however, the war interfered with their plans.

Mr. and Mrs. Mohr, both of whom are attorneys and well known in the bay cities, decided a year ago to take in all the famous sights in every country of the world. They planned to spend about two years in traveling, and had already put a stop to the tour they had already visited the most remote corners of the globe. They sailed on the great lakes at the headwaters of the Nile, spent several days in the "train forest" in the tea country, and paid visits to the Indian jungle and went down into the famous Kimberley diamond mines in South Africa.

They made a hurried exit out of the country in the vicinity of Port Said, which was in the grip of a plague. After their return from Africa and India, Mr. and Mrs. Mohr visited Naples, Marseilles and other cities on the Mediterranean Sea. They then took ship to Australia, where they were forced to cut tail the journey.

TO ADDRESS FRUITVALE UNIVERSITY EXTENSION

FRUITVALE, Oct. 1.—The Fruitvale University Extension Society has come together in "War," which will be delivered by Professor Kroebner of the University of California in the Fruitvale Congregational Church tomorrow evening. This will be the first of a series of three lectures by Professor Kroebner on the war situation in Europe.

The meeting is planned to start at 8:30. Seats will be reserved for members of the Extension Society until 8:10, when the church will be thrown open to the public who are invited to join the new organization. Dr. Daniel Crosby, president of the society, presided over the gathering.

The war lectures of Professor Kroebner will be followed by another series by Dean Barrows of the university.

MARRIED IN MARTINEZ

HAYWARD, Oct. 1.—Hans, a young Hayward architect, and Miss Edna Slattery of Martinez were married in Martinez last night. Relatives and close friends of the families witnessed the ceremony. The couple later left for Martinez, the south, where their return they will occupy a new home on Soda street in this city. The bride comes of a prominent Martinez family and is a charming and accomplished young woman. Hans is a past president of Eden Park Civic Club and is well known as an architect. He was commissioned to draw up the plans for the restoration of the historic Mission San Jose.

MANY WITNESSES ON HAND.

SAN LEANDRO, Oct. 1.—Forts witnesses crowded into the San Leandro Justice of the Peace courtroom to give evidence yesterday afternoon in the examination of Antonio Lopes, who is charged with a criminal offense by his son, John D. Toffelmire, postponed the examination until this afternoon at the request of the prosecution.

Both sides have lined up a formidable array of witnesses, one of whom is a Catholic priest from Mission San Jose. Attorney Lewis Gonsalves of Oakland will defend Lopes.

The defendant recently surprised Judge Toffelmire by paying \$100 in greenbacks and gold from his pocket when asked to put up \$250 bail. It is expected the examination will take several days.

BENEFIT FOR LIBRARY.

FRUITVALE, Oct. 1.—As the city does not contray to expectations, does not provide for a public library in Upper Fruitvale, the people of the district will have to support the library which was instituted and carried on by the Fruitvale Women's Improvement Club. Founded about six months ago, the library has a circulation of over 1000 monthly and is steadily growing in popularity. In the meantime, the Women's Improvement Club, which has kept up the library by means of benefit entertainments, has engaged the Wright Company for a performance at the Diamond Photo-Play Theater Friday evening, October 2.
